HANDBOOK INTRODUCTION

College years offer the student the opportunity for intellectual and personal growth. To foster this growth, this handbook presents important policies describing the behaviors expected of Walsh students and the services students can expect from the University.

The Student Handbook is a guide for the academic year. This handbook states general policies designed to serve the best interests of the University community and describes nonacademic life with its campus services and activities. It supplements the University Catalog, which provides information concerning academic programs, course descriptions, degree requirements, and financial commitments.

RIGHTS AND RESPONSIBILITIES

Unless otherwise specified, the policies and procedures outlined in this handbook pertain to all students. By becoming members of the Walsh student body, persons bind themselves to comply with the policies explained in this handbook. It is the responsibility of the students to know the requirements and the policies of the University, especially those stated in the Catalog and the Student Handbook.

**WELCOME FROM THE VICE PRESIDENT
FOR STUDENT EXPERIENCE**

Dear Students,

I would like to extend a warm welcome as you embark on a new academic year at your Catholic University. It is my privilege to provide you with this student handbook, which serves as a guide to help you navigate your journey of learning, personal growth, and faith exploration during your time at the University.

As a Catholic institution of higher education, Walsh University is committed to fostering an environment that values the pursuit of knowledge, intellectual curiosity, and the development of the whole person. Our mission is rooted in the Judeo-Christian tradition, which call us to embrace the values of love, compassion, justice, and respect for human dignity.

In line with our mission, this handbook outlines the policies, procedures, and expectations that govern your experience as a student within our community. We ask that you familiarize yourself with its contents, as it serves as a valuable resource to help you understand your rights and responsibilities as a member of our community.

As members of a Catholic university, we uphold certain principles and values that guide our conduct. We ask that you adhere to our student conduct policies, which promote integrity, honesty, mutual respect, and responsible citizenship. These values extend beyond the classroom and into our daily lives as we interact with one another and the wider community.

We are committed to your success and well-being during your time here. Should you encounter challenges or need assistance, please do not hesitate to reach out to our dedicated Walsh University employees, or support services. We are here to guide and support you, ensuring that your university experience is one of growth, fulfillment, and transformation.

We are excited to have you as part of our community and look forward to witnessing your achievements, both academically and personally. We believe that your time at Walsh will be marked by intellectual discovery, personal development, and a deepening of your faith.

May this student handbook serve as a roadmap for your journey and may your time at your Catholic University be filled with abundant blessings.

Sincerely,
Rachel Hosler
Dr. Rachel Hosler
Vice President for Student Experience

The Founding Brothers, 1960: (seated from left) Dacian O. Barrette (Business Manager), Thomas S. Farrell (President), and Henry J. Vannase, (standing from left) Edmond Drouin (Librarian), Paul E. Masse, Robert A. Francoeur (Academic Dean), and Alexis Guilbault

FOUNDERS OF WALSH UNIVERSITY

Originally founded in 1819 by two Breton priests, Jean Marie de la Mennais and Gabriel Deshayes, the Brothers of Christian Instruction strove to carry religious education all over the world, including North and South America, Africa and Asia. Their home in North Canton, Ohio, is a shining testament to the Brothers’ mission of bringing values-based education to all who seek it, regardless of means or circumstances.

When the Brothers of Christian Instruction stood in a farmer’s field at the corner of North Market and Easton, they formed a vision. A vision to turn fifty acres of alfalfa into a college campus. This vision lay on a foundation of faith, courage and selfless hard work.

That vision was realized on November 17, 1960, when seven Brothers, comprising the entire faculty, welcomed the incoming class of sixty-seven “gentlemen.” Br. Farrell (Walsh’s first president) stood on the steps and gave the group a pep talk. Apparently, construction delays and final charter approval by the Ohio Board of Regents had forced a late start for classes, and students would be required to double up on their credit hours to complete the fall semester on time.

Staff support at the time came from a full-time custodian and a part-time secretary. Two structures, a residence for the Brothers and an academic building, stood on the bare campus. The parking lot flooded whenever it rained, and boards were used to cover muddy walkways.

At first, Walsh offered a liberal arts curriculum with majors in secondary education and business administration, as well as pre-professional programs in dentistry, medicine and law. Today, nearly 2,700 students can select from more than 70 undergraduate majors and graduate degrees.

This wonderful Catholic higher-education resource has continued to grow and prosper because the Brothers of Christian Instruction, and those who have built on their efforts, had a vision — a vision that built Walsh University.

WALSH UNIVERSITY VISION

The Walsh University vision statement was developed as a collective University effort to serve as the University’s North Star and emphasize our commitment to develop leaders with a moral foundation and an awareness of the common good.

Become a leading Catholic university known globally for inspiring others to pursue ingenious practices that serve the common good.

WALSH UNIVERSITY MISSION

Walsh University is an independent, coeducational Catholic, liberal arts and sciences institution. Founded by the Brothers of Christian Instruction, Walsh University is dedicated to educating its students to become leaders in service to others through a values-based education with an international perspective in the Judeo-Christian tradition.

Walsh University believes in the desirability of a small university that promotes academic excellence, a diverse community and close student-teacher interactions. The University provides its students a higher education that fosters critical thinking, effective communication, spiritual growth, and personal, professional and cultural development. Walsh University encourages individuals to act in accordance with reason guided by the example and teachings of Jesus Christ.

CORE VALUES

We commit ourselves to these values in all that we do as a framework for helping each other take our place as we discover our life’s purpose.

FAITH: We recognize that individual spiritual journeys and prayer are foundational in all of our efforts to fulfill the mission

EXCELLENCE: We embrace the notion that our best efforts and selves are critical components to reaching our goals and ultimate purpose

INTEGRITY: There is harmony and truth in our thoughts, words and deeds

SERVICE: We selflessly place the needs and interests of others ahead of our own

COMMUNITY: We share a passion for the mission of the University and the values espoused therein as we care for and support one another to achieve the common good

COMMITMENT TO HUMAN DIGNITY

The Walsh University Mission compels us to be a beacon of light and hope to all who become part of the university family. One of our core values is community, and we are committed to creating, advocating for, and maintaining in all areas of campus life an welcoming environment that respects, supports, and values the dignity and uniqueness of all individuals as children of God.

We strive to create an environment where people know they are valued and appreciated because each of us is made in the image and likeness of God. You are special and we are thankful for you.

THE WALSH UNIVERSITY CREST

The Roman lamp at the top of the design features a gold Chi-Rho to indicate that each graduate of Walsh University is charged by Christ to be a “light of the world.” In the Sermon on the Mount, the first thing Christ did after preaching the eight Beatitudes was to compare his disciples to the salt of the earth and a light in the world (Matthew 5:13-14).

Underneath the large “W” is a golden cross and the motto of the Brothers of Christian Instruction, “DS.” These letters stand for Deo Soli, which, translated from the Latin means “For God Alone.”

And the banner under the shield are the words sed deus dat incrementum. The phrase is taken from 1 Corinthians 3:7 and means “God gives the increase.” The words express the thought that, although members of the Walsh faculty give all they humanly can, it is known that the flowering of their seed comes from Almighty God.

WALSH UNIVERSITY ALMA MATER

Alma Mater we give all our love and our favor;
May our lives ever be a reflection of Thee.
Through the days, through the years, the memories we'll savor,
And forever will be, true to Walsh, true to Thee.

From fields of green you grew, with the love of Brothers' tending.
From our God you find anew the increase that sustains,
And our God has charged anew the mission that remains.

Alma Mater we give all our love and our favor;
May our lives ever be a reflection of Thee.
Through the days, through the years, the memories we'll savor,
And forever will be true to Walsh, true to Thee.

*Words and arrangement by Dr. Britt Cooper,
Professor of Music, Chair, Division of Fine & Performing Arts*

Walsh University is covered by, and subscribes to, the Family Educational Rights and Privacy Act (FERPA) informally known as the Buckley Amendment. Passed by the U.S. Congress, Public Law 93-380, as amended became effective November 19, 1974.

This law permits students the right of confidentiality and the right to inspect and review their educational record as maintained by the appropriate offices and agencies of the University. Also, it affords students the right to request that amendments be made to ensure that their records are accurate.

A copy of the Act and the Federal Regulations is available for examination in the University Library, the Office of the Registrar, or by accessing the Department of Education's FERPA website at <https://www2.ed.gov/policy/gen/guid/fpco/ferpa/index.html>

FERPA information is published yearly in the university catalog and student handbook.

DEFINITIONS

“Student” is any person who attends or has attended Walsh University.

“Educational Record” is any record in handwriting, print, tape, microfilm, electronic file or other medium maintained by Walsh University which directly relates to a student. The following exemptions are not part of the educational record or subject to this Act:

1. Personal records maintained by University employees if kept in the sole possession of that individual, and the information is not accessible or revealed to any other person. For example, a faculty grade book.
2. Employment records not contingent on student's enrollment.
3. Law enforcement records that are created by a law enforcement agency for that purpose.
4. Medical and psychological records used solely for treatment.
5. Alumni records disclosing information about a student who is not considered “enrolled.”

RIGHT TO INSPECT AND REVIEW EDUCATIONAL RECORDS

Students have the right to inspect and review their educational records within 45 days of the day the University receives a request for access.

Procedure. A student should submit to the University Registrar a written request that identifies the records to be inspected. Arrangements for access will be made by the University Registrar, and notification will be given to the student of the day, time, and location where records will be inspected. Exceptions: Students are granted the right to inspect and review all their educational records except for the following:

1. Information regarding other students;
2. Financial records of parents;
3. Confidential letters of recommendation, confidential letters or statements of recommendation for admission, employment, or honorary recognition put in education files before 1/1/75.

DISCLOSURE OF EDUCATIONAL RECORDS

Walsh University accords all rights under the Act to each student. Outside individuals or agencies will not have access to, nor will the University disclose any information from a student's educational record without the written consent of the student. The University may, however, furnish information within the University's community serving in the educational interest of the student (i.e., faculty, administration, support staff, advisors, campus security, campus student service departments such as financial aid and housing).

Exceptions made to the disclosure policy are:

1. to University officials listed in the above paragraph;
2. to federal/state educational officials in connection with legislative requirements;
3. in connection with financial aid for which the student has applied;
4. to organizations conducting studies on behalf of the University;
5. to accrediting organizations; to the parents of dependent students (e.g., parent information listed on the FAFSA [Free Application for Federal Student Aid]);
6. to comply with a lawful judicial order or subpoena;
7. to appropriate individuals in health/safety emergencies;
8. limited directory information.

DIRECTORY INFORMATION

Walsh University, in accordance with the Act, has designated the following information as “directory information.” The University may release directory information to anyone without the student’s consent unless the student requests otherwise in writing to the Office of the Registrar PRIOR to the first day of the academic semester or term in which the request is to become effective. This will remain effective until removed by the student.

Information the University may release (unless the student requests all information to be withheld as described above) includes:

- 1. Name;
- 2. Address (local and home);
- 3. Telephone (local and home);
- 4. Major field of study;
- 5. Participation in officially recognized University activities and sports;
- 6. Weight and height of member of athletic teams;
- 7. Dates of attendance;
- 8. Degrees and awards received;
- 9. Most recent previous educational agency or institution attended.

The student has the right to consent to disclosures of personally identifiable information contained in the educational records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to University officials with legitimate educational interests. Personally identifiable information is information that, if disclosed, would make a student’s identity easily traceable, e.g., Social Security number.

AMENDMENT OF EDUCATIONAL RECORDS

Under the Act, students have the right to request an amendment to educational records they believe are inaccurate, misleading, or in violation of their privacy rights under this Act. Procedures are as follows:

Students must submit a written request to the appropriate University official to amend a record. In doing so, the student should clearly identify the part of the record to be amended, and clearly state why it is inaccurate or misleading.

If the University determines that the information is inaccurate, misleading, or in violation of the student’s right of privacy, it will amend the record and notify the student, in writing, that the record has been amended.

If the University determines that it is not appropriate to change the record, the appropriate University official will notify the student of the decision. The student will be advised of his or her right to a hearing regarding the request for amendment. At that time, information regarding the hearing procedures will be provided to the student.

COMPLIANCE OFFICE

Students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by Walsh University to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-4605

FINANCIAL POLICIES

TERMS OF PAYMENT

Walsh University requires one of the following payment terms:

- 1. All charges for tuition, fees, room and board are due by the first business day following the initial add/drop date of the semester. Please consult the academic calendar for the specific add/drop date for each term.
- 2. Students electing the Walsh University Payment Plan, offered through NELNET, must be enrolled in the program no later than the first day of each semester. An annual enrollment fee of \$40 per semester is charged to participate in the program. (Please contact the Student Service Center for information regarding the payment plan.), or
- 3. Students participating in the Employer Reimbursement Program must be enrolled in the program no later than the first day of each semester. For details see below.

Student account balances and details are available online within the secure area of the Cavalier Center (Student Account Information). Students are responsible for timely payments and those students that do not follow the required payment terms will be charged late fees on any outstanding balance. Students enrolled in the Walsh University Payment Plan or the Employer Reimbursement Program are exempt from interest charges if they adhere to the published payment schedule. Please contact the Student Service Center at 330-490-7367 with questions or if you have difficulty accessing the Cavalier Center.

TUITION PAYMENT PLAN/EMPLOYER REIMBURSEMENT PROGRAM

Students enrolled in the Walsh University Payment Plan or the Employer Reimbursement Program are exempt from interest charges if they adhere to the published payment schedule. Walsh University reserves the right to deny future participation in either program if there is evidence of abuse or late payments. Students must re-enroll in the program each year to maintain eligibility.

The Employer Reimbursement form can be found at <https://www.walsh.edu/downloadable-financial-aid-forms.html>.

WITHDRAWAL POLICY

Registration for classes creates a contract for payment of tuition, fees, and charges.

A student choosing to terminate this contract with Walsh University must officially withdraw by noon of the fifth business day of any 8 week session or are obligated to pay all session charges in full. Withdrawal must be completed using the Walsh University Withdrawal Form, which must be signed by the student. Nonattendance to class or notification to a professor does not constitute an official withdrawal.

Withdrawal from a class or from the University on or before the 12:00 noon of the fifth business day of a session will cancel all financial obligations to the University for that session.

If a student withdraws from a class or from the University beyond the withdrawal deadline date and therefore does not receive an adjustment to tuition, the University may still be required to return a portion of the federal and/or state financial aid to the appropriate programs. Any balance created on the student’s account as a result of this transaction is the responsibility of the student. Students considering a withdrawal are encouraged to first consult with a financial aid advisor located in the Student Service Center.

If a student withdraws or reduces the number of credit hours after the refund period for reasons beyond his or her control, a detailed letter may be submitted to the Fees and Charges Appeals Committee explaining the extenuating circumstances. Poor academic performance will not be considered as grounds for appeal.

The University will not grant a refund of charges for any withdrawal or reduction in hours beyond the established deadline without an approval from the Fees and Charges Appeals Committee.

Detailed appeal letters documenting the extenuating circumstances can be addressed to: Walsh University, Fees and Charges Appeals Committee, Finance Department, Attn.: Sarah Sowers, 2020 East Maple Street, North Canton, Ohio 44720

SUSPENSION OR EXPULSION

The University will follow the Withdrawal Policy stated above in the event suspension or expulsion occurs. Students suspended or expelled after the refund periods will be obligated to pay all charges in full.

EMPLOYER REIMBURSEMENT PROGRAM

A student whose employer offers educational reimbursement benefits may elect to participate in the Walsh University Employer Reimbursement Program.

Students wishing to enroll in Walsh University’s Employer Reimbursement Program must complete the enrollment form available each academic year they wish to participate.

The form must be turned in to the Student Service Center to be enrolled in this program. The form is valid for one academic/ financial aid year and should be submitted at the time of initial registration. Students shall be subject to interest charges until the application is complete and submitted to the Student Service Center.

Participants in the program receive the following benefits:

- Exemption from late fee charges for the semester;
- Eligibility to register for classes with an outstanding balance exceeding \$1,000;
- Permission to delay final payment until 30 days after the last day of that semester.

The Student is responsible for notifying the University of any changes in eligibility or employment status. If a student fails to make final payment within thirty (30) days following the completion of the academic semester, the University may elect to remove the student from the program and/or assess finance charges.

As a courtesy, Walsh University will provide an account statement/registration schedule to the student to present to his/her employer. These statements will be sent approximately the 9th week of each semester. Due to the popularity of this program, Walsh is unable to accommodate requests for “customized” statements.

Employer Reimbursement and Tuition Discounts: The Alumni and Post Baccalaureate Discounts are intended to financially assist Walsh Graduates who choose to continue their education at Walsh. As a result, these discounts are not structured to extend to the student’s employer. If, however, the student is unable to document that his/her employer does not reimburse based on the pre-discount rate initially assessed, Walsh University may reconsider its policy on a case-by-case basis.

WALSH UNIVERSITY SATISFACTORY ACADEMIC PROGRESS POLICY FOR FINANCIAL AID

The Financial Aid Office at Walsh University is required under Federal regulations to monitor the academic progress of all financial aid recipients. Failure to maintain Satisfactory Academic Progress (SAP) can affect a student’s eligibility for federal financial aid.

Both qualitative and quantitative standards are applied when determining SAP. Walsh University reviews SAP at the end of each spring semester. Students who fail to meet SAP are sent written notification which includes Walsh University’s SAP policy as well as appeal information.

ACCEPTABLE PASSING RATE

Each student must earn a passing grade in at least 67% of all courses attempted at Walsh University. “F” (Failed) and “W” (Withdrawn) grades will be counted as hours attempted but not passed. “I” (Incomplete) coursework cannot be counted as a successful completion. An Incomplete grade that has been changed to a passing grade can be added to the number of hours completed. It is the student’s responsibility to notify the Office of Financial Aid once an incomplete grade has been changed to a valid grade. Transfer hours accepted by Walsh University and repeated coursework are considered in this ratio.

ACCEPTABLE GRADE POINT AVERAGE (GPA)

The minimum GPA standards for financial aid eligibility must be equal to or higher than the standard set forth by Walsh University for academic standing purposes. Freshmen must have a cumulative GPA of at least 1.75. Sophomores/juniors/seniors must have a cumulative GPA of at least a 2.0 in order to maintain federal SAP. Determination of GPA requirements (1.75 vs. 2.0) for entering transfer students will be based on the number of transfer credits they carry with them from their prior institution(s), but the approved transfer coursework will have no effect upon the cumulative grade point average. Only one grade for a repeated course will be reflected in the calculation of the student’s GPA. (For federal aid purposes, a student is allowed to repeat a course only once if a passing grade is achieved). The minimum cumulative GPA for graduate students is 3.0 and the calculation also follows the transfer and repeated coursework stipulations cited above.

TIME LIMITS

Students cannot exceed 187 attempted hours (150% of graduation requirements) and continue to receive financial aid toward their undergraduate degree. Transfer hours are included in the 187 attempted hours. (Please note: State Aid is only available for a maximum of five full-time years, regardless of whether or not the student has reached the 187 credit hour limit.) Time limits are applicable even during periods where students did not receive Title IV aid and include courses taken during the summer.

Transfer hours and repeated coursework also count when calculating acceptable time frame limits. Graduate students are not held to the same 150% calculation based on their specific graduation requirements. The 150% maximum time frame allowance for completion of the program is intended to be long enough to allow for changes in major, loss of credit due to transfer, withdrawn coursework, minor, double majors, etc.; therefore, an extension of the maximum time frame granted for those reasons is unlikely. Students seeking a second degree are limited to the federal Direct Loan program and will be monitored for time limits as well.

APEALS

Students who have lost their eligibility for federal financial aid due to not maintaining SAP will be notified in writing and have a right to appeal. All appeals must include substantive reasons for failure to comply with the SAP Policy, and all extenuating circumstances should be supported by documentation whenever possible. Documentation should not only indicate the mitigating circumstance(s) that caused a student to have academic difficulty, but also indicate that the circumstance which caused the situation has been rectified so that the student will be successful in future terms. Prior to submitting the appeal to the Student Service Center, the student must contact the Director of Academic Achievement for assistance in completing certain sections of the appeal form.

If an appeal is approved, students are granted a probationary period in which to rectify the reason why he/she did not meet SAP. If it is apparent that the student cannot complete this within one term, an extension may be given to the student after review of the academic “Action Plan” included in the original appeal. If the student does not adhere to the criteria outlined in the Action Plan, the probationary period will not be extended.

REGAINING FINANCIAL AID ELIGIBILITY

Students can regain full eligibility for federal financial aid by successfully completing coursework while in Suspension status that will raise their cumulative GPA to meet or exceed the minimum required for their total attempted hours, and raise their overall Cumulative Completion Rate for all coursework attempted to the 67% undergraduate or graduate level. Students who are ineligible to receive federal financial aid may use one or more of the following payment options while attempting to regain eligibility: student’s own resources, Walsh University’s Payment Plan, and/or Alternative/Private Educational Loans. (PLEASE NOTE: Since Walsh University does not offer remedial courses, that category of coursework is not addressed in this SAP Policy.)
VA Payment Delay Policy

In accordance with Section 103 of the Veterans Benefits and Transition Act of 2018, students receiving VA education benefits through either Chapter 31 (Veteran Readiness and Employment) or Chapter 33 (Post 9/11 GI Bill) will be exempt from any late fees or penalties incurred due to late tuition payments on behalf of the U.S. Department of Veterans Affairs. This includes calculation of interest, denial of access to classes, the library, or any other institutional facility, or the requirement to obtain additional funds to cover the student’s financial obligations to the institution due to the delayed disbursement of payment by the U.S. Department of Veterans Affairs.

CAMPUS POLICIES

NON-DISCRIMINATION POLICY

Walsh University opposes unjust discrimination as a matter of human dignity. Walsh University does not discriminate on the basis of race, age, sex, color, disability, national or ethnic origin, or status as a veteran, in the administration of our policies and programs, and vigorously supports these seven protected classes as written in the federal statute. This statement applies to all academic programs, all athletic programs, and to all policies and procedures concerning students and student activities. This statement applies to all personnel and administrative policies. Walsh University is a religious institution of higher education in the Catholic-faith tradition and is protected by the Religious Freedom Restoration Act (RFRA) and the First Amendment; thus, Walsh University may consider religion in hiring, admissions, and other decisions. Walsh University aligns with the Catholic Church teachings that the dignity of the human person is the foundation of a moral vision for society; thus, each person will always be treated with compassion, dignity, kindness, respect, and sensitivity. Nothing in this policy shall require Walsh University to act in a manner contrary to the beliefs and teachings of the Catholic Church and the University’s mission. Walsh University does not support individual interpretations that expand the protected classes.

ALCOHOL POLICY

The presence, possession or use of any alcoholic beverages on campus is limited to those who are of legal drinking age as per Ohio state law. Any student who is in the presence of, possesses, consumes, or is under the influence of alcohol when she/he is not of legal age will be subject to disciplinary action. Students who host, provide or purchase alcohol for any person under the age of 21 will be subject to an immediate Level IV Violation and may face civil consequences (see Student Experience Conduct System).

Repeat offenders of the alcohol policy and those involved in a serious alcohol abuse incident will possibly be required to enter a substance abuse program and/ or will have alcohol privileges restricted. Walsh University also reserves the right to notify parents of serious abuse. This right is granted to universities under the FERPA law.

Designated Areas for Alcohol

Alcoholic beverages, containers and/or packaging are not permitted in any buildings specifically designated for first year students only (ie. Seanor Hall).

In the other residence halls, alcoholic beverages are permitted in a student’s private residence housing assignment, but only if one of the residents of that room is of legal drinking age. Alcoholic beverages, containers and/or packaging should be stored “out of sight” within common areas unless being actively consumed by the resident(s) who are of legal drinking age. Examples of appropriate storage areas are closed cabinets, refrigerators, etc.) Alcoholic beverages, containers and packaging are also not permitted to be used as decorations. If all official residents of an assigned room are under 21 years of age, alcohol beverages, containers and/or packaging is not permitted in that room, regardless of who is in possession of the alcohol.

Open Containers

The presence of alcoholic beverages is also limited to certain locations on campus. Regardless of the student’s legal drinking age, all students are prohibited from possessing or consuming from an open container in common areas (unless it is during a University sponsored, alcohol-approved event). Common areas include, but are not limited to, hallways, breezeways, lounges, study-rooms, courtyards, parking areas, etc. During select special events on the campus grounds and in campus buildings, alcohol will be permitted under strict guidelines. The presence of alcohol in any other area or at any other time is in violation of University policies.

Public Intoxication

Public intoxication is prohibited on university premises and at university sponsored events. Walsh University defines intoxication by the identifiable and reliable signs, including but not limited to, a strong odor or alcohol on an individual’s breath, slurred speech, impaired coordination, glassy eyes, or exaggerated emotions and behaviors.

Bulk Containers, Paraphernalia and Drinking Games

Bulk containers, which includes kegs and/or centrally located, large supplies of alcoholic beverages purchased with the purpose of making it available for consumption to groups of individuals, will not be allowed in the residence halls at any time. Permission may be granted for bulk containers only during preauthorized campus events in non-residential university buildings. Only possession of small quantities of alcoholic beverages for private or personal use by individuals that are 21 years of age or older is acceptable. CAMPUS EVENTS SERVING ALCOHOL

Departments, Clubs, and Organizations may be granted special permission to serve alcoholic beverages providing that they comply with Ohio State Law and University rules and regulations governing the use and distribution of alcohol. A limited number of social events with alcohol will be approved each semester. Only three (3) social events with alcohol will be approved each semester and no student organization may sponsor more than one (1) social events with alcohol per semester. Priority status will be based upon the date of the completed request and the organization’s ability to comply with University regulations. Organizations petitioning for the right to sponsor an event with alcohol should familiarize themselves with these guidelines. Organizations who wish to sponsor an event with alcohol must adhere to the “Alcohol Event Guidelines” and complete the following “Alcohol Event Application.” The completed application must be submitted to the Chief Student Conduct Officer one month prior to the event for the event to be considered. Organizations that fail to comply with the stipulations set forth by the University will not be permitted to sponsor future alcohol events and may lose their university privileges. Individuals may also be subject to a referral to student conduct.

CARING CAVALIER AMNESTY POLICY

What is amnesty, and who can receive it?

The Caring Cavalier Amnesty Policy is focused on empowering students to support the health and well-being of themselves and others. Any student coming forward to report incidents involving sexual assault, dating violence, domestic violence, stalking, and/or a medical emergency will be granted amnesty by Student Conduct and Community Standards and will not be subject to violations of the University’s alcohol and/or substance abuse policies that occurred at or near the time of the alleged incident(s).

Why is amnesty important?

The University recognizes that students who experience or witness a sexual assault, dating violence, domestic violence, stalking, and/or a medical emergency while under the influence of alcohol or illegal substances may be hesitant to report these occurrences due to concerns for the potential consequences of violating the student code of conduct.

Who can I report to?

Report immediate health and safety emergencies to Walsh University’s Campus Police (330-490-7474 or 330-316-1088). Report non-emergencies to the University’s Title IX Office (330-490-7301) or Student Conduct and Community Standards (330-490-7105).

Are there limitations to amnesty?

The Caring Cavalier Amnesty Policy provides amnesty for violations of the student code of conduct as it relates to alcohol and/or substance abuse policies only. Students will be required to meet with a representative from Student Conduct and Community Standards to provide further information about the incident(s). Students may be required to participate in online education, reflection assignments, and/or assessment and treatment referrals.

Students who repeatedly use the amnesty policy may be required to participate in additional supportive measures. Failure to complete assignments required by the University will result in ineligibility for amnesty. Additionally, this policy does not grant amnesty from criminal, civil, or legal consequences for violations of federal, state, or local laws.

BLOODBORNE PATHOGENS EXPOSURE

Sharps Policy

To ensure the safety of all persons, visitors, Residence Life, and Facilities Staff, all persons who use injected medication or who test their blood are required to dispose of hypodermic syringes and/or lancets in approved red bio-hazard sharps containers. The Ohio EPA defines sharps to include lancets, hypodermic needles, syringes, scalpel blades, and broken glass contaminated with an infectious agent and requires the public to dispose of these items appropriately.

Persons are responsible for safely storing and disposing of their own personal sharps, needles or other objects that pose bio-hazard risks. It is the responsibility of each person to secure unused sharps safely in a locked or hidden space while on campus. Used sharps should be placed in a personal bio-hazard sharps container; once the container is 2/3 full or once the contents rises to the FULL level marker on the container, students who do not have the resources to independently dispose of their sharps containers at home are encouraged to dispose of their hazard sharps container at Health Services. Employees and students who do have the resources to independently dispose of their sharps should take their used sharps home with them in their personal sharps container for appropriate disposal. If an unattended sharp is found, no one is to touch the potential bio-hazard sharp and immediately contact Health Services or Campus Police for proper disposal.

Sharps and sharps containers are NOT to be placed in regular trash receptacles on campus.

Students who require such containers and do not already have their own personal sharp container can obtain a small personal sharp container from Health Services. It is recommended that students contact Health Services for additional information about the disposal of sharps and sharp containers

CAMPUS FACILITIES

Campus facilities are open to students, employees and guests of the University according to designated hours. Facilities are locked after certain hours and will require university swipe card access. Building access is subject to change.

For a complete schedule and listing of building access, click here: <https://portal.walsh.edu/resources/campus-building-access/>

Campus police officers make additional rounds in each building after they have been secured. Individuals found in buildings after hours will be asked to show identification, and those who are in the buildings without proper authorization may be referred for disciplinary and/or criminal action. Propping open the doors to any building, especially the residence halls, causes a significant security risk to those inside. Such action will be viewed as a serious violation of school policy.

Unauthorized Areas

Students are not permitted to access unauthorized areas, including but not limited to, building rooftops, maintenance closets, and Information Technology closets.

CAMPUS ATTIRE

Appropriate student dress and cleanliness are guiding norms for dress at Walsh University. Students are expected to dress in a manner that reflects the mission and values of Walsh University. A student’s appearance should not disrupt, interfere, disturb, or detract from University activities. All Employees reserve the right to institute expectations for student dress code that meet safety standards and promote environments conducive to learning.

CAMPUS SPEAKERS

The President of the University is the sole approval authority for all campus speakers, to ensure our mission to provide a Catholic, liberal arts education that encompasses an international perspective and promotes critical thinking is safeguarded. Walsh University believes that a free and open forum for the exchange of ideas and opinions is essential in our pluralistic society, and that every member of an educational enterprise bears responsibility for this freedom. The purpose of inviting speakers to campus is to provide students and others with different perspectives and voices in pursuit of truth. A “free and open forum for the exchange of ideas” in this context means that both speaker and audience members participate in a discussion that seeks better understanding of a theme or issue in a manner that is respectful of Catholic truth. Both speakers and listeners are expected to be civil and to practice speech that respects human dignity. Speakers that seek only to provoke or listeners that seek only to disrupt will not be tolerated.

Sponsoring individuals/organizations and the approved speaker are required to respect Catholic beliefs and practices. They are expected to refrain from promoting doctrines opposed to essentials of the Catholic faith or contrary to the upholding of

Christian faith and morality. Exceptions may be made if the following format is used: If an approved speaker comes to present non-Catholic opinions, those ideas should be presented in a debate or in a forum where the Catholic perspective will also be presented, defended, and upheld. Walsh University will designate the person who will defend the Catholic position.

Speaker invitations come from a member of the faculty, a member of the administration, or recognized groups on campus. Members of the university community who have special competencies are especially encouraged to contribute to such discussions. All arrangements for the presence of speakers on campus are reviewed through the Vice President of Academic Affairs to ensure open and balanced examination of issues. Approval for speakers sponsored by student organizations routes through the Vice President of Student Experience. The president, in collaboration with the Vice President of Academic Affairs, has final authority over such arrangements and approvals.

Campus safety, for all members of the campus community and for speakers and community members, is of the utmost concern for Walsh University. If Campus Police and administration are not confident of the ability to protect participants and the audience from physical harm, the University will not permit the event to go forward.

CLASSROOM CONDUCT POLICY

Essential to the mission of Walsh University is that all members of our campus community are free to fully engage in the teaching and learning process through their experiences both inside and outside the classroom. Students are expected to conduct themselves in a manner that aligns with the University mission, student code of conduct and academic program expectations. Accordingly, students should not engage in any form of disruptive behavior that interferes with the function of the University and its educational objectives.

Disruption is defined as any behavior, by virtue of its intensity and/or repetitiveness that interferes with academic activities, the delivery of administrative programs or services, the maintenance of public order on campus, or compromises the health, safety or well-being of a member of the campus community.

Examples of disruption include, but are not limited to:

- persistently or obstructively talking, yelling, screaming, or making noises;
- speaking in an abusive or derogatory manner’
- maliciously or inappropriately mocking or ridiculing people who provide or use/seek to use the program/service; and/or
- engaging in acts of verbal or physical aggression (e.g., causing or threatening injury, physical or verbal intimidation, damaging personal/University property, throwing items); or refusing to adhere to the established procedures associated with the delivery of such programs or services.

This policy is intended to provide students with an environment that will effectively facilitate teaching and learning at Walsh University. Civil expression, disagreement, or debate as outlined by the Walsh University Freedom of Expression policy does not constitute disruptive behavior. Furthermore, it is important to recognize that behaviors which may cause a person to be uncomfortable do not automatically translate to being “unsafe” or “threatened” and may not constitute disruptive behavior subject to university disciplinary action. Reported instances of disruptive behavior will be examined objectively with respect to its severity, repetitiveness, and impact on the individual and/or the University community in reaching a determination as to whether the act was in violation of university policy.

All students have the right to learn without interference from others. Walsh University students are expected to be courteous while in the classroom, even if, at times, their own beliefs and perspectives differ from their peers and/or the material being presented. Further, faculty have the right and the authority to guide classroom discussion and to set reasonable limits on the manner in which students express opinions.

Although all students are expected to exhibit appropriate conduct, some may not know what exactly constitutes proper classroom behavior. Classroom misconduct is any behavior, in person or online, which disrupts or interferes with the learning environment. The following are examples of classroom misconduct:

- Continuing to talk after being asked by the instructor to stop;
- Conducting side conversations during instruction;
- Speaking persistently without being recognized or persistently interrupting other speakers;
- Verbally or nonverbally showing disrespect for others;
- Using vulgar, obscene, or other inappropriate classroom language or gestures;
- Making disparaging remarks or making slurs based on age, religion, race, ethnicity, gender, nationality, disability, or sexual orientation;
- Intimidation via verbal or nonverbal language;

- Tardiness and disturbing classroom entrances;
- Getting up during class, leaving, and then returning;
- Packing up books and/or belongings before class is dismissed;
- Using cell phones, allowing them to ring, or text messaging in class;
- Inappropriately using computers or other technology in a disruptive way;
- Verbally indicating dissatisfaction with an activity, assignment, or grade;
- Refusal to comply with faculty direction; and/or
- Sleeping in class and other inattentive behavior.

NOTE: Students with disabilities are held to the same standards of conduct as other students. If you require academic accommodations (attendance flexibility, assistive technology, etc.) under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, as amended in 2008, please contact Accessibility Services at 330.490.7529.

Guidelines for Response

Students are required to comply with the expectations of conduct established by the university, academic programs, and individual employees. If a student has engaged in disruptive behavior, the faculty member is urged to:

- Ask the student to stop the disruptive behavior and/or warn the student that such disruptive behavior may result in academic and/or disciplinary action.
- Should the student continue the disruptive behavior, the faculty member is authorized to ask the student to leave the classroom or academic area.
- Should the faculty member believe the circumstances are such that the behavior(s) threaten the safety and well-being of others, they should immediately contact Campus Police (330.316.1088) for assistance and per the University Direct Threat Protocol, notify the Vice-President for the Student Experience or the Chief Student Conduct Officer.

In instances where a student has been removed from a classroom or academic area, the faculty member will notify the supervising School Dean or Chair in writing within one (1) business day of the incident. The School Dean or Chair may temporarily suspend the student from the classroom pending resolution of the matter. Should such action be taken, the student will be informed of the exclusion before the next class scheduled. The notification will include the following:

- confirmation that the reported incident is under review by the School Dean or Chair,
- class exclusion expectations,
- confirm that a follow-up meeting with the student and School Dean or Chair will be scheduled within five (5) business days of the notice,
- the student’s right to request a review of the exclusion by the Associate Vice-President for Academic Administration.

The decision rendered by the School Dean is considered a final and a binding academic decision of the university. Each academic decision or sanction will be filed in the Office of Academic Affairs and the Student Conduct & Community Standards office.

NOTE: Students with disabilities are held to the same standards of conduct as other students. If you require academic accommodations (attendance flexibility, assistive technology, etc.) under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, as amended in 2008, please contact Accessibility Services at 330.490.7529.

DRONES | UNMANNED AERIAL VEHICLES

Unmanned aircraft systems including drones and model aircrafts are regulated by the Federal Aviation Administration (FAA) and relevant state law. The operation of any drone or UAV (unmanned aerial vehicle) over Walsh University property is prohibited

in the absence of approval by the Chief of Campus Police. Any university approved operation must not pose interference with campus property or events as well as any unacceptable threat to safety, privacy, or the environment.

DRUG POLICY

Walsh University is a community of people who strive to create and maintain an environment that is free from illegal substances and the negative consequences that result from illicit use and abuse. Our goal is to provide on-going education to our students about the physical, psychological and legal consequences of substance abuse, as well as provide referral services to those in need of assistance.

Students must comply with state and federal laws concerning the manufacture, presence, possession, use, sale, and/or distribution of narcotics and dangerous drugs. Violations of these state and federal laws, in the residence halls or elsewhere on campus, will result in serious disciplinary action which could lead to dismissal from the residence hall and from campus. This policy is applicable to nonprescription drugs such as steroids. The sale and distribution of drugs will result in an immediate Level IV disciplinary action and could lead to expulsion from Walsh University. If allowed to remain enrolled, violators will participate in a Substance Abuse Program.

In addition, the possession or use of drug abuse instruments or paraphernalia is a violation of the student conduct code and will result in disciplinary action. Prohibited items include, but are not limited to, bongs, hookahs, water pipes, rolling papers, rigs, scales or any items used for storing, preparing or consuming illicit drugs.

The university community discourages by individual the use of alcoholic beverages or drugs. Its use is legal only when there is not a violation of Federal, State, and local laws or University policies. Students should be aware that one of the potential penalties for drug violations as students who are criminally convicted of drug offenses is the loss of federal or state financial aid.

Marijuana

Under federal law, marijuana is treated like every other controlled substance. Marijuana is classified as a Schedule I drug according to the Controlled Substances Act. The federal government does not recognize the difference between medical and recreational use of marijuana. Thus, the use, possession, manufacture or sale of marijuana violates federal policy.

Although Ohio law permits the use of medical marijuana by those with a medical prescription, under the Drug Free Communities and Schools Act, federal law prohibits the use, possession, or manufacture at educational institutions who receive federal funding. Medical marijuana is not considered a reasonable accommodation for students with disabilities because it violates federal policy.

Accordingly, Walsh University does not allow the use of marijuana, in any of its forms, on our campuses and/or at University sponsored events. The possession, use, distribution, purchase, or sale of illegal or unauthorized drugs or controlled substances, or being under the influence of any such substance, and drug-related paraphernalia is also prohibited.

Substance Abuse Policy

Walsh University commits itself to assist individuals to accept responsibility for their behavior.

The community acknowledges that an individual has a drug or alcohol problem when the use of either substance causes physical or emotional harm, impairs judgment, infringes upon the rights of others, interferes with one’s work, one’s relationships, or one’s daily life. The Walsh University community encourages all who have a drug or alcohol problem to obtain assistance.

EMERGENCIES

Serious emergencies, such as health, fire, power failure, or similar dangers, require the cooperation of the entire Walsh University community. Failure to cooperate in such emergencies (e.g. refusal to vacate a residence hall/classroom during a fire alarm) may result in serious judicial action or police action. In case of emergency, contact ext. 7474, (on campus from any house phone) or 330.316.1088 (from any off-campus phone) Walsh University Police; or dial 911. If 911 is called, provide the operator the nature and exact campus location of the emergency, please contact campus police at ext. 7474 or 330.316.1088 after your call to inform them that emergency personnel are in route and to provide directional information as needed to respond to the emergency. Automatic External Defibrillators (AEDs) and Opioid Overdose Emergency boxes are located throughout campus. Any use of these emergency resources should be promptly reported to Campus Police.

FIRE PIT POLICY

Primary responsibility for the fire pit fire and the safety of the participants, spectators, and others will remain with the sponsoring organization or group. The review by the University will be to assist the sponsor(s) in carrying out their responsibilities and to coordinate the activities of interested parties. FIREWORKS AND EXPLOSIVES

Students are reminded that the sale or use or possession of fireworks or explosives is a violation of University regulations. Firearms are prohibited on campus, except as permitted by law.

FREEDOM OF EXPRESSION

Definitions

In order to avoid any misunderstanding on this interpretation of what is permitted (dissent) and what is prohibited (disruption), the following definitions of both terms are provided:

Dissent is defined as individual or group activity which expresses grievances held against, or change desired, of society or campus or both. Dissent may be more general than a single grievance or remedy and may have an ideological base. It often includes proposed solutions as well as complaints.

Disruption is defined as activity which interferes with the rights of others. Whereas dissent relies on persuasion, disruption is based on harassment, coercion and/or violence.

More specifically, disruption is construed to include activity which:

- denies or infringes upon the rights of the students, employee of the University community;
- disrupts or interferes with instruction, research, administration and other activities of the community;
- reacts to the expression of the peaceful dissent of others by attempting to deny their rights;
- obstructs or restricts free movement of persons on any part of the University campus;
- denies the use of offices, classrooms, or other facilities to the students, faculty, officers, staff or guests of the Walsh University community;
- endangers or threatens the safety of any person on the University campus; and/or
- results in the destruction or defacing of property.

Guidelines for Demonstrations

Persons planning a demonstration should meet with the Vice President for Student Experience or his/her designee to discuss arrangements for the event. The Vice President of the Student Experience is the approval authority for student demonstrations, ideally proposed demonstrations. Participants in demonstrations are not permitted to:

1. Gather in such a fashion as to physically hinder entrances to, exits from, or passageways within any University building or other structure, or hinder the normal flow of pedestrian or vehicular traffic on or to the campus or any University sponsored event held off campus;

2. Create a volume of noise that prevents members of the University community from carrying on their normal activities;
3. Employ force or violence, or constitute an immediate threat of force or violence against persons or property;
4. Congregate or assemble within a University building or on University property in such a fashion as to disrupt the University’s normal function;
5. Fail to observe established closing hours of buildings.

In planning a demonstration, the organizers and participants should keep in mind all regulations pertaining to the use of campus facilities as well as the rights of all members of the University community to move around the campus in a free and unhindered manner.

In addition, the possession or use of firearms, ammunition, fireworks, explosives, dangerous chemicals or weapons by any participant in a demonstration is explicitly prohibited.

Procedures for Handling Approved Demonstrations

The Vice President for Student Experience or his/her designee, in consultation with University officials, will determine the point at which the normal operations of a specific building or area are disrupted or is otherwise in violation of University Policy. If it is decided that the demonstration is disruptive, the Vice President for Student Experience or his/her designee will inform the demonstrators that their actions are disrupting the normal process of the area in question and that they should cease and desist their activities. The demonstrators will also be informed specifically how they may continue their demonstration in a manner which is not disruptive.

If the disruptive demonstration is not discontinued, the demonstrators will be notified that failure to immediately discontinue the disruptive activities will subject the offenders to the full course of University action, which may include immediate suspension or expulsion from the University, pending a formal hearing at a later date.

Additionally, if the demonstration persists in violation, participants may be arrested and suspended pending formal action consistent with the University student conduct system. Person not officially associated with the University who participate in disruptive demonstrations may be arrested and prosecuted.

The University expects all persons will comply with the directions of any authorized university official.

FUNDRAISING

The Vice President for Student Experience or his/her designee must approve all fund-raising activities sponsored by student organizations. The sponsoring organization must keep financial records to submit to the Vice President for Student Experience for auditing at the end of each semester. Fund raising off campus and in the Stark County community must also be approved by the Vice President of Philanthropy.

Revised 5/2013

MISSING PERSON POLICY

This policy, with its accompanying procedures, establishes a framework for cooperation among members of the University community aimed at locating and assisting students who are reported missing. A student may be deemed missing when his/her whereabouts are unknown and unexplainable for a period of time or he or she is absent from the University for more than 24 hours without any known reason.

All reports of missing students shall be directed to Campus Police, which shall investigate each report and make a determination whether the student is missing in accordance with this policy. If a missing student is under 18 years of age, the law mandates that the University notify the parent or guardian of the missing student immediately. Ohio law also requires that all missing persons under the age of 22 will also be reported to the North Canton Police Department at which time the information will be entered into the national on-line registry for missing persons.

All residential students are required to identify an individual to be contacted by the University in case a student is determined to be missing. This form will be kept on file in the Office of Residence Life and used only in the event of a missing person investigation.

Most missing person reports in the university environment are a result of a student changing their normal routine and failing to inform roommates, friends or family of this change. Students are urged to develop a clear communication plan with family and friends to promote personal safety and facilitate the investigation in the event a missing person report is filed. Members of the Walsh community are encouraged to immediately make a report with Campus Police if a person is believed to be missing.

VIOLENT OFFENSES

Direct Threat Protocol

Walsh University is committed to protecting our campus from the risk of behaviors that threaten the safety and well-being of our community. The Direct Threat Protocol sets forth expectations for reporting such behaviors, connecting students to the appropriate support services, and making a determination regarding a student’s continued attendance. Separation of a student from Walsh University may be implemented if there is sufficient evidence that the student is engaging in behaviors that pose a direct threat to themselves or others.

This Walsh University Emergency Removal Protocol is not a student disciplinary policy. The protocol works in conjunction with, not in the place of, the University’s student discipline related policies, including but not limited to Social Conduct, Resident Responsibilities, General Policies, Graduate/Undergraduate Catalog, and/or Student Handbook.

Reporting Structure

Any person’s threat to inflict harm to self or others while on the University premises or at University sponsored events must be taken seriously and responded to immediately. University officials will take the following steps:

1. A person hearing such a threat will report it immediately to one of the following University officials:
 - a. Vice President for Student Experience
 - b. Chief Student Conduct Officer
 - c. Chief Student Experience Officer or Appropriate Residence Life Staff
 - d. Campus Police
 - e. In the absence of any of the above officials, seek the supervising employee member who is overseeing the program/event.
2. The responding University official will contact the Vice President for Student Experience (or his/her designee) who will act as Crisis Coordinator.
3. Campus Police will be notified and dispatched to the scene by the responding University official if a violation of University policy, federal, state, or local laws has occurred and/or when assistance is needed to manage the scene.

Student Emergency Removal

Walsh University will utilize the Student Emergency Removal protocol when there is reason to believe a student poses a direct and/ or immediate threat to the health or safety of any member of the Walsh University community, including the student himself/ herself. These behaviors include, but are not limited to:

4. The student is unable or unwilling to carry out substantial self-care obligations.
5. The student has health needs requiring a level of care that exceeds what the university can appropriately provide.
6. The student presents a substantial risk of seriously affecting the safety and well-being of the campus community.
7. The student creates other conditions that are disruptive to members of the university community.

Compliance with this protocol is critical to maintaining a safe and healthy campus community and to ensure that all students are treated fairly and respectfully. The protocol applies to all students equally in a non-discriminatory manner. Decisions will be based on observations of a student’s behaviors, including communications. Decisions will not be based on any knowledge or belief that a student is an individual with a disability.

University Actions

Prior to removing a student from the University and/or from University housing, the following actions will take place. This protocol does not, however, preclude the University from taking temporary interim steps to address immediate health or safety concerns before or during implementation of the protocol.

1. **Reporting**
If an individual has reason to believe that a student poses a direct and immediate threat to the health or safety of any member of the University community, that individual must report the matter to University officials according to the Walsh University Direct Threat Protocol.

2. **University Support Services**

The university will work with the student to identify appropriate support services such as counseling, family, and/or Crisis Centers. Walsh University is also mindful of the impact such behaviors may have on other members of the campus community. University personnel will work to identify any such community members impacted in order to connect him/her with appropriate support services.

3. **Individualized Assessment**

The Vice President for Student Experience, or the Chief Student Conduct Officer, will consult with University professionals qualified to interpret evidence regarding the presenting health and/or safety risks. These professionals include, but are not limited to, Counseling Services, Residence Life, Student Conduct, Accessibility Services, Health Services, and Campus Police.

4. **Decision**

The Vice President for Student Experience, or the Chief Student Conduct Officer, will make the decision regarding: (a) whether the student will be removed from the University and/or University housing; and (2) whether the student will be permitted to return to the University and/or University housing if certain conditions are met, and if so, what those conditions will be. In the event that the Vice President for Student Experience determines not to remove the student from the University and/or University housing, the Vice President may nevertheless impose conditions on the student’s continued enrollment at the University and/or use of University housing.

5. **Notification of Removal**

The Vice President for Student Experience, or his/her designee, reserves the right to contact the student’s parent/guardian at the telephone number on record at the University after a decision is rendered. Any such communication will be consistent with federal and state law regarding disclosure of student information.

The student will be provided with a letter detailing the reason(s) for the student’s removal from the University and/or from University housing. In addition, the student will be issued a Conditions of Return Agreement outlining the specific conditions that the student will be required to complete prior to consideration for return to academic and social responsibilities at Walsh University. The letter will include the name and contact information of the person designated to address the student’s questions and, if applicable, to coordinate the student’s return.

6. **Return, if Applicable**

The student is responsible for demonstrating to the Vice President for Student Experience, or the Chief Student Conduct Officer, that he/she has fulfilled all of the conditions for returning to the University and/or University housing. Once satisfied, the Vice President for Student Experience, or designee, will notify the student of the approval of their Conditions of Return, then refer them to the Student Conduct process (if applicable). If not applicable, the university will notify the student in writing that he/she can return to the University and/or to University housing, if appropriate housing is available.

Disciplinary Policies

This Walsh University Emergency Removal Protocol is not a student disciplinary policy. The protocol works in conjunction with, not in the place of, the University’s student discipline related policies, including but not limited to Social Conduct, Resident Responsibilities, General Policies, Graduate/Undergraduate Catalog, and/or Student Handbook.

WEAPONS

Possession of fire arms, knives, swords, arrows, or any other weapons are strictly forbidden in the residence halls, in vehicles on campus or on any other University owned or operated property. The possession or use of weapons in violation of this policy will result in immediate confiscation of the weapons and serious disciplinary action.

Firearms

Firearms are not permitted to be carried on any university grounds or University owned property. Individuals who have applied for and successfully completed the application process for the Ohio Concealed Carry permit must follow the law as prescribed. When a valid permit owner arrives on campus property, the firearm must be secured in the vehicle upon parking.

SEXUAL MISCONDUCT AND INTERPERSONAL VIOLENCE POLICY

Procedures for Students, Employees, and University Volunteers related to Institutional action in Cases of Sexual Misconduct, Sexual Harassment, Sexual Assault, Domestic Violence, Dating Violence, Stalking, and Retaliation.

WHAT IS TITLE IX?

Title IX is part of the 1972 re-authorization of the Higher Education Act and that stipulates that “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance.” Title IX requires all schools receiving federal financial assistance to take reasonable steps to create a safe, nondiscriminatory learning environment.

A. **Policy Statement**

Walsh University prohibits all forms of sexual misconduct and interpersonal violence, including, but not limited to sexual harassment, sexual assault, domestic violence, dating violence, stalking, retaliation and other forms of interpersonal violence or sex discrimination, otherwise called Prohibited Conduct. Such conduct violates Walsh University’s values and can cause disruption to the living, learning and work environment of students, employees, University volunteers, and other community members.

B. **Policy Jurisdiction**

The Walsh University Sexual Misconduct and Interpersonal Violence Policy covers all students (prospective, continuing and transfer), employees, and University volunteers. As such, the University can investigate any reported violations of this policy that occur in the United States during a University-sponsored program, University-sanctioned activity, or otherwise directly affect the University’s working or learning environment, regardless of whether the reported conduct occurred on campus, off campus, or through virtual methods.

For every report, the Title IX Office will review the circumstances of the reported conduct to determine whether the University has jurisdiction over the parties involved and take steps within its control to eliminate, prevent, and address the reported conduct. If the Respondent is not a member of the University community or is no longer affiliated with the University at the time of the report or at the time that an Investigation of Institutional Formal Complaints is initiated (including when the Respondent has graduated or left the University), the University typically is unable to investigate, sanction, or take disciplinary action.

Individuals impacted by sexual misconduct and/or interpersonal violence may contact the Title IX Office as detailed in “Section F. Disclosure and/or Reporting Options.”

For purposes of this provision, this means that the conduct must have occurred either (a) in a location, event, or circumstances over which the College exercised substantial control over both the respondent and the context in which the sexual harassment occurs or (b) in relation to a building owned or controlled by a student organization that is officially recognized by the College.
3. The complainant must be participating in or attempting to participate in the education program or activity of the College at the time the formal complaint is filed.

A Single Incident of Sexual Harassment: Non-Title IX alone may create a hostile environment if the incident is sufficiently severe. The more severe the conduct, the less need there is to show a pattern of incidents to create a hostile environment. The determination of whether an environment is “hostile” will be based on the totality of the circumstances, including, but not limited to:

- The frequency of the speech or conduct;
- The nature and severity of the speech or conduct;
- Whether the speech or conduct was physically threatening;
- The effect of the speech or conduct on the individual’s mental and/or emotional state;
- Whether the speech or conduct was directed at more than one person;
- Whether the speech or conduct arose in the context of other discriminatory conduct;
- Whether the speech or conduct unreasonably interfered with the individual’s educational opportunities or performance (including off campus study), Kenyon-controlled living environment, work opportunities or performance;
- Whether a statement is a mere utterance of an epithet that engenders offense in an employee or a student or offends by mere discourtesy or rudeness; and/or
- Whether the speech or conduct is protected by the First Amendment and/or deserves the protections of academic freedom.

Sexual Harassment — Non-Title IX can take many forms:

- May be blatant and intentional and involve an overt action, a threat or reprisal, or may be subtle and indirect, with a coercive aspect that is unstated;
- Does NOT have to include intent to harm, be directed at a specific target, or involve repeated incidents;
- May be committed by anyone, regardless of gender, age, position, or authority;
- May be committed by a stranger, an acquaintance, or someone with whom the individual has an intimate or sexual relationship;
- May be committed by or against an individual or may be a result of the actions of a group;
- May occur by or against an individual of any sex, gender identity, gender expression, or sexual orientation;
- May occur in the classroom, in the workplace, in residential settings, over electronic media (including the internet, telephone, and text), or in any other setting; an
- May affect the individual and/or others who witness or observe the harassment.

There may be situations where respondent’s reported conduct constitutes both “Sexual Harassment — Title IX” and “Sexual Harassment — Non-Title IX.”

The respondent will receive notice of both charges and the resolution process will investigate both charges. If the reported conduct is adjudicated and the respondent is found responsible for the charge of “Sexual Harassment — Title IX,” the respondent will not be separately sanctioned for the charge of “Sexual Harassment — Non-Title IX.”

Sexual Exploitation: Sexual Exploitation is knowingly, intentionally or purposefully taking advantage of the sexuality of another person without consent or in a manner that extends the bounds of consensual sexual activity without the knowledge of the other individual for any purpose, including sexual gratification, financial gain, or personal benefit. Retaliation: No recipient or other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or this part, or because the individual has made a formal complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this part. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a formal complaint. The exercise of rights protected under the First Amendment does not constitute retaliation.

Disclosing an incident may not result in a formal complaint, depending on to whom the information is communicated, the circumstances under which the incident occurred, and in many situations, the wishes of the Complainant*.

1. Mandatory Reporters

All full- and part-time Walsh University employees, including administration, faculty, staff, University volunteers and student paraprofessionals, such as Resident Assistants and Campus Ministry Peacemakers, are mandated to report any incidents of Prohibited Conduct directly to the Title IX Coordinator or Title IX Deputies, unless they are one of the confidential resources outlined below.

2. Confidential Resources

*If you are unsure if you would like to make a formal complaint regarding an incident of Prohibited Conduct. Walsh University’s Counseling Services (students only), Health Services, University Senior Chaplain, Domestic Violence Project, Inc., and COMPASS are confidential resources available to you for disclosure. Confidential resources will not report the disclosure of these incidents to Title IX or Campus Police without a victim/survivor’s written permission, and to the extent, they are permitted to promise confidentiality under the law.

Confidentiality and Support

Walsh University will maintain the confidentiality of the Complainant—regardless of whether confidentiality is requested—to the extent it is legally permitted and has the ability to appropriately provide accommodations, Supportive/Interim Measures, and/or protective measures. As such, there may be situations where disclosing some personally identifiable information about a Complainant may be necessary. For allegations of misconduct related to Prohibited Conduct, the Title IX Coordinator will determine what information about the Complainant should be disclosed and to whom this information will be disclosed. Unless extenuating circumstances exist, the Complainant will be informed before sharing personally identifiable information that the University believes is necessary to provide a safe and non-discriminatory environment, to provide an accommodation, and/or to provide any interim or protective measures.

If the Complainant requests the University not reveal the Complainant’s name to the Respondent and/or asks the University to not investigate a formal complaint, this may limit the University’s ability to respond fully to the incident, including pursuing disciplinary action, and being able to sanction the prohibited conduct against the Respondent. Specific confidentiality requests should be made directly to the Title IX Coordinator, Rachel Hosler at 330.490.7301.

While Walsh University will strive to honor a Complainant’s requests, there are circumstances when personally identifiable information about a Complainant may be shared and/or when an investigation may occur despite a Complainant requests otherwise. The University has a legal duty to act if it determines it is appropriate and necessary in certain cases of Prohibited Conduct where an Imminent Threat to the campus community and/or pattern of behavior may be present. “Pattern of behavior” is defined as two or more reported instances of the same type of prohibited conduct.

1. **Imminent Threat** is classified as an incident of sexual misconduct and/or interpersonal violence that includes the following:

- a weapon,
- physical force or violence,
- when the victim/survivor is a minor,
- pattern by same perpetrator, and/or
- a significant threat to the University

2. **Other Limits to Confidentiality:**

- **Mandatory Reporting of Child Abuse.** All University employees, including confidential resources, are required to immediately report any knowledge or reasonable suspicion that a minor (someone under 18 years old) is experiencing abuse or neglect based on information shared by the minor, any other individual, or one’s own observations or knowledge.
- **Ohio Felony Reporting Requirement.** Under Ohio law, all individuals, excluding confidential resources, must report possible felonies, including sexual violence. Under Ohio Revised Code Section 2921.22, medical professionals, mental health professionals and clergy are not required to report felonies.
- **Ohio Medical Professional Reporting Requirements.** In Ohio, medical professionals have distinct legally mandated reporting responsibilities. Where a medical professional knows or has reasonable cause to believe that serious physical harm resulted from an offense of violence, the medical professional is required to make a report to law enforcement. Medical professionals must deem a patient medically stable before reporting and must communicate to the patient that the patient does not have to report and/or speak to the police. If the patient chooses not to speak to police at the time of the medical examination, the medical professional does not need to report the patient’s name — only the date, general time, and general location of the incident.
- **Risk of Harm to Self or Others.** Mental health professionals are required to disclose information where there is an imminent threat of harm to self (the client) or others.

3. **Clery Act Reporting**

Pursuant to the Clery Act, anonymous statistical information for certain offenses that have been reported at campus locations must be shared with Campus Security. The information does not include the names or any other identifying information about the persons involved in such incidents.

Additionally, the University has a duty to complete certain publicly available recordkeeping, including reporting and disclosing information about certain crimes pursuant to a federal law known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the “Clery Act”). Reported incidents of these crimes will be included in the University’s annual crime statistics per its annual security

Report and daily crime logs, as required. The University is also obligated to issue timely warnings of crimes enumerated in the Clery Act occurring within relevant campus geography that represents a serious or continuing threat to students, employees, and university volunteers, except in those circumstances where issuing such a warning may compromise current law enforcement efforts or when the warning itself could potentially identify the Complainant. The University will not report and/or disclose personally identifiable information about a Complainant in its recordkeeping required by the Clery Act.

The University will make every effort to respect a Complainant’s autonomy in determining how to proceed when they disclose and/or formally report an incident of sexual misconduct and/or interpersonal violence. Support and resources are always available to Complainant—regardless of the chosen course of action. Receiving a formal complaint of an incident permits the University to keep records of reported incidents and determine the appropriate response and the potential need to alert the University community to potential danger.

Caring Cavalier Amnesty Policy

The University recognizes that students who experience or witness a sexual assault, dating violence, domestic violence, stalking, and/or a medical emergency while under the influence of alcohol or illegal substances may be hesitant to report these occurrences due to concerns for the potential consequences of violating the student code of conduct.

The Caring Cavalier Amnesty Policy is focused on empowering students to support the health and well- being of themselves and others. Any student coming forward to report incidents involving sexual assault, dating violence, domestic violence, stalking, and/or a medical emergency will be granted amnesty by Student Conduct and Community Standards and will not be subject to violations of the University’s alcohol and/or substance abuse policies that occurred at or near the time of the alleged incident(s).

Report immediate health and safety emergencies to Walsh University’s Campus Police 330.490.7474 or 330.316.1088. Report non-emergencies to the University’s Title IX Office 330.490.7301 or Student Conduct and Community Standards 330.490.7105.

The Caring Cavalier Amnesty Policy provides amnesty for violations of the student code of conduct as it relates to alcohol and/ or substance abuse policies only. Students will be required to meet with a representative from Student Conduct and Community Standards to provide further information about the incident(s). Students may be required to participate in online education, reflection assignments, and/or assessment and treatment referrals. Students who repeatedly use the amnesty policy may be required to participate in additional educational interventions and support opportunities. Failure to complete assignments required by the University will result in ineligibility for amnesty. Additionally, this policy does not grant amnesty from criminal, civil, or legal consequences for violations of federal, state, or local laws.

Written Statement of Rights, Reporting Options and Resources

Any student, employee or University volunteer that discloses an incident and/or makes a formal complaint to the Title IX Office of sexual harassment, sexual assault, domestic violence, dating violence, stalking, retaliation and/or other forms of interpersonal violence or sex discrimination will receive a written notification of their rights, reporting options, and resources. Please note that the receiving of this information is not dependent on the filing of a formal complaint.

First Contact with the Title IX Office

Upon disclosure of an incident of Prohibited Conduct from a student, employee, or University volunteer to the Title IX Office, the Title IX Office will outreach to the person who may have experienced the Prohibited Conduct. The outreach (from the Title IX Coordinator or a Title IX Deputy) includes ensuring the Complainant receives information regarding:

- medical and confidential counseling and support resources;
- options for pursuing a formal complaint and/or reporting the incident to law enforcement;
- how to request an interim no-contact order;
- how to request other Supportive/Interim Measures from the University;
- how to preserve evidence;
- where to access more information.

The outreach will also include an invitation to meet with or provide additional information to the Title IX Office. The initial meeting may be followed by 1) filing a formal complaint or 2) a request by the Respondent to take no further action.

The University will strive to honor the request of the Complainant as to a course of action. However, the University has a legal duty to act if the University determines it is appropriate and necessary in certain cases of Prohibited Conduct where an Imminent Threat to the campus community and/or pattern of behavior may be present (see Section F “Confidentiality and Support” for additional information).

The University will make every effort to respect a Complainant’s autonomy in determining how to proceed. Support and resources are always available to a Complainant regardless of the chosen course of action. Receiving a formal complaint of an incident permits the University to keep records of reported incidents and determine the appropriate response and the potential need to alert the University community to potential danger. Reported incidents will also be included in the University’s annual crime statistics as required.

Supportive/Interim Measures

In the case of Prohibited Conduct, the Title IX Coordinator or Title IX Deputies may take immediate action to assist a Complainant in resuming educational activities while deciding the next steps, if any, to pursue against a Respondent or while awaiting the results of a resolution process.

“Supportive/Interim Measures” are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the recipient’s education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties. Furthermore, the supportive/interim measures are based on what is not clearly unreasonable in light of the known circumstances and does not second guess a school’s disciplinary decisions. Finally, a school is required to offer supportive measures, and provide remedies to Complainant whenever Respondent are found responsible.

Walsh University will provide information, in writing, to Complainant or Respondent about options for, available assistance in, and how to request changes to academic, living, transportation and working situations or protective measures. The institution will make accommodations or provide such protective measures if the victim requests them and if they are reasonably available, regardless of whether the Complainant chooses to report the crime to Campus Police or local law enforcement. Additionally, the University is obligated to comply with a student’s reasonable request for a living and/or academic situation change following an alleged sex offense. *Please note that some Supportive/Interim Measures that impact both the Complainant and Respondent may require a finding of “in-violation” (see italicized measures listed below).

Supportive/Interim Measures can include but are not limited to, the following:

- Providing an escort,
- Changing the Complainant class schedule or room assignment in the residence halls,
- Arranging academic accommodations,
- Waiving the service fee for on-campus health center services,
- *Issuing no contact orders**,
- Complying with protection orders**,
- *Limiting the Respondent(s)’ access to campus,*
- *Limiting the Respondent(s)’ access to facilities and activities,*
- Changing the Respondent(s)’ course schedule or room assignment, and/or
- Implementing other appropriate educational or prevention strategies to address the environment in which the offense took place.
- Change in University-related work schedules or job assignments
- Voluntary Leave of Absence
- Assistance in contacting community resources
- Transportation related to accessing services/support after an incident of sexual misconduct or interpersonal violence
- When appropriate, Supportive/Interim Measures can include Respondent being placed on interim suspension or interim administrative leave.

**A person may contact the Title IX Coordinator (330-490-7301) to inquire and request a No Contact Order. This is a written order issued by the University that generally requires an alleged Respondent to stay away from a victim/survivor and is supported by University consequences for non-compliance with the order.*

***A person may also seek a protection order from the local court of the state of Ohio. This is a legal process independent of the University. A protection order is a written order that generally requires an alleged perpetrator to stay away from a victim/survivor and is supported by legal consequences for non-compliance with the order. If a court order is issued, the University will, to the extent possible, assist the protected person in benefiting from the restrictions imposed by the court and will also facilitate on-campus compliance with the order.*

The Title IX Coordinator (330-490-7301) or a Title IX Deputy, an advocate from COMPASS Sexual Assault Education, Prevention & Support (330-452-1111) or Domestic Violence Project, Inc. (330-453- 7233), and Campus Police (330-490-7474 or 330-316-1088) are all able to assist victims/survivors who want to request a protection order. Below are the legal options available in the state of Ohio:

- Criminal Protection Order
- Domestic Violence Criminal Temporary Protection Order
- Domestic Violence Civil Protection Order
- Dating Violence Civil Protection Order
- Civil Stalking Protection Order
- Sexually Oriented Offense Protection Order

If a victim/survivor believes there has been a violation of a court-ordered protection order, they should contact the police department in the jurisdiction where the violation has occurred.

Information will be provided in writing to a Complainant regarding the above support/interim measures, as well as existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid and other services available for victims both on and off campus. Additionally, it is not required for a formal complaint to be filed and/or investigated for supportive/interim measures to be implemented, as deemed necessary by the Title IX office. The Title IX Coordinator and/or a Title IX Deputy will use the following factors to determine appropriate Supportive/Interim Measures to be implemented:

- specific need expressed by the complainant
- the age of the students involved
- the severity or pervasiveness of the allegations
- any continuing effects on the complainant
- whether the complainant and alleged perpetrator share the same residence hall, dining hall, class, transportation or job location; and
- whether other judicial measures have been taken to protect the Complainant (e.g., civil protection orders)

For more information about Supportive/Interim Measures, please contact the Title IX Coordinator, Rachel Hosler at 330.490.7301, or titleix@walsh.edu.

Filing a Formal Complaint

Any current Walsh University student, employee, or University volunteer may file a formal complaint of Prohibited Conduct against other current students, employees, or University volunteers connected to the University. These formal complaints may be submitted in person, by mail, electronic mail, or via phone using the University’s contact information for the Title IX Coordinator and must include the Complainant’s physical or digital signature, or otherwise indicates that the Complainant is the person filing the formal complaint. All formal complaints should be submitted directly to the Title IX Coordinator, **Rachel Hosler at 330.490.7301, or titleix@walsh.edu** and should include the following information:

- Name of the Alleged Respondent(s)
- Date of the Alleged Incident
- Location of the Alleged Incident
- Details regarding the Alleged Prohibited Conduct being reported

It is strongly encouraged to submit a formal complaint as soon as possible after the incident takes place or becomes known in order to optimize opportunities to secure evidence and witnesses. As there is no time limit on reporting violations of this policy, if a reporting party or Respondent is no longer affiliated with Walsh University (e.g. a formal complaint is made after a student has withdrawn/graduated, or an employee or University volunteer is no longer employed and left their position), the University is often limited in its recourse to address the concern, and the University may no longer have jurisdiction over the reported incident. Complaints involving minors will be immediately referred to the local law enforcement authority having jurisdiction.

Law Enforcement Notification

The University also urges the Complainant to report all instances of Prohibited Conduct or criminal activity to Walsh University Campus Police or other law enforcement agencies. The Complainant may contact Campus Police or local law enforcement directly, whether or not a formal complaint has been filed with the University. If requested, the University can assist the Complainant in notifying law enforcement or legal service organizations to learn about these remedies. The Complainant may also decline to notify law enforcement. Please see the Sexual Misconduct and Interpersonal Violence Prevention Policy (Section C “Definitions – Ohio Revised Code”) for more information on the definitions of these crimes according to the Ohio Revised Code.

A person may formally report an incident to either the police or the University or to both.

1. How to File a Police Report

A victim/survivor wanting to make a police report can contact Campus Police (available 24/7) using the following information:

- **On-Campus Law Enforcement – Students and Employees**
Walsh University Campus Police | 330.490.7474 or 330.316.1088
2020 East Maple Street, North Canton, OH 44720

Filing a formal complaint with Campus Police or local law enforcement allows the department the ability to investigate the alleged crime, gather evidence, and refer a case for prosecution when warranted. A victim/survivor may choose to have an advocate present from COMPASS Sexual Assault Education, Prevention & Support 330.452.1111 or Domestic Violence Project, Inc. 330.453.7233 when filing the report.

2. Effect of Law Enforcement Notification

The filing of a formal complaint of Prohibited Conduct under this policy is independent of any criminal investigation or proceeding. The University typically does not wait for the conclusion of any criminal investigation or proceedings to commence its own investigation or to take any necessary interim remedies to protect the Complainant and the University community. However, the University may temporarily delay its investigation to enable law enforcement to gather evidence and to engage in a preliminary investigation of Prohibited Conduct that may also violate state or federal law.

Preservation of Evidence

As time passes, evidence of Prohibited Conduct may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining orders of protection related to the reported incident more difficult. If a Complainant chooses not to make a formal complaint to the University regarding an incident, they nevertheless are still able to speak with Walsh University Campus Police or other law enforcement agencies and/or a local Sexual Assault Nurse Examiner (SANE) program regarding evidence preservation in the event the Complainant changes their mind at a later date. Further, completion of a medical forensic evaluation may also allow a Complainant to preserve evidence while deciding whether to later file a police report.

1. Preserving Evidence for Sexual Assaults

Physical evidence is crucial in helping to prosecute assailants in cases of rape or sexual assault and in obtaining a protection order. Physical evidence must be collected in a timely manner by a certified medical facility. Two of these local medical programs include Aultman Hospital’s Serenity Program and Mercy Medical Center’s Haven Program whose contact information is listed below #4. Prior to a medical/legal exam, victim/survivors of rape or assault should not bathe, change clothes, douche, use the toilet (if possible), smoke or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that the evidence may be preserved. If victim/ survivors do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted diseases.

2. Preserving Evidence for Victim/Survivors of Violence

Preserving evidence may be necessary to prove criminal domestic violence or dating violence, and in obtaining a protection order. Victim/survivors of violence should not bathe or change clothes prior to documentation of physical evidence. Two of the local medical programs that can provide a domestic violence forensic examination for victims/survivors include Aultman Hospital’s Serenity Program and Mercy Medical Center’s Haven Program whose contact information is listed below in(Section M #4. If victim/survivors do not opt for forensic evidence collection, health care providers can still treat injuries.

3. Preserving Evidence for Victim/Survivors of Stalking

Preserving evidence of stalking may be necessary to prove criminal stalking and assisting a victim/survivor in obtaining a protection order. Victim/survivors of stalking should save evidence such as any letters, notes, emails, phone calls, videos, photos, texts, social media postings, computer screenshots, voicemails, or any other form of evidence that would be helpful.

Institutional Grievance Processes

1. Criminal Complaints

Ohio state and/or federal law will apply, and the matter will follow criminal processes through a police investigation and/or a referral to the criminal court system for resolution, if applicable.

2. Formal Complaint

The University’s investigation of formal complaints of policy violations is different and separate from a criminal complaint investigation by any law enforcement agency. An ongoing law enforcement investigation does not relieve the University of its obligation to investigate allegations of conduct prohibited by this policy. In cases involving potential criminal conduct, University personnel must determine, consistent with federal, state, and local law, whether appropriate law enforcement agencies or other authorities should be notified. Conduct may constitute a violation of this policy and result in disciplinary action by the University even if a law enforcement agency and/or court of law determines that the conduct did not constitute a crime.

3. Informal Resolution of Formal Complaints

In appropriate circumstances, and with the approval of both the Complainant and Respondent, the Title IX Coordinator may attempt informal resolution options, such as alternate resolutions or restorative justice to resolve a formal complaint of an alleged policy violation without the need for additional proceedings. When Informal Resolution of a Formal Complaint is pursued, the Title IX Coordinator will provide written notice to the Complainant and Respondent regarding:

- the allegations;
- the voluntary nature of the informal resolution process and the availability of a formal investigation at all times; and
- any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Effort will be made to resolve an institutional formal complaint within approximately sixty (60) days of the filing of a formal complaint. The objective of the informal process will be to reasonably resolve the incident to the mutual satisfaction of the parties involved, if possible.

4. Alternative Resolutions

In some cases, both the Complainant and Respondent have the opportunity to request a specific type of informal resolution process. In order to proceed with an informal process, both parties must agree to the Informal Resolution. At any time, either party has the right to pursue a formal process.

5. Restorative Practice

Means a practice relating to a specific harm that is community-based and unaffiliated with any civil or criminal legal process; is initiated by a victim of the harm; involves, on a voluntary bases and without any evidence of coercion or intimidation of any victim of the harm by any individual who committed the harm or anyone associated with any such individual; one or more individuals who committed the harm; one or more victims of the harm; and the community affected by the harm through one or more representatives of the community; shall include and has the goal of collectively seeking accountability from one or more individuals who committed the harm; developing a written process whereby one or more individuals who committed the harm will take responsibility for the actions that caused harm to one or more victims of the harm; and developing a written course of action plan that is responsible to the needs of one or more victims of the harmed, and upon which one or more victim, one or more individuals who committed the harmed, and the community can agree; and is conducted in a victim services framework that protects the safety and supports the autonomy of one or more victims of the harm and the community.

Walsh University may not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to a formal investigation and adjudication of formal complaints of sexual harassment. Similarly, Walsh University may not require the parties to participate in an informal resolution process and may not offer an informal resolution process unless a formal complaint is filed. At any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint. Walsh University must not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student. At any time either party has the right to withdraw from the Informal Resolution process and resolve the formal complaint through a Formal Resolution. If the parties are not able to resolve the complaint through the Informal Resolution process, the complaint will be resolved through a Formal Resolution unless the complaint is withdrawn or dismissed.

The Title IX Coordinator retains the discretion to determine the type of Informal Resolution that may be appropriate in a specific case and may refer a complaint to a Formal Resolution at any time. Informal Resolutions will typically be completed within 60 calendar days of the decision to engage in Informal Resolution. Informal Resolution agreements are signed by the parties and the Title IX Coordinator and are enforced by the University

6. Investigation of Formal Complaints

In instances where informal methods of resolution are inappropriate or declined, a formal investigation will be conducted. While all investigations will vary due to the individual circumstances surrounding the particular report, formal investigations under this policy will typically involve the following:

c. Initial Review

Preliminary review by the Title IX Coordinator of any formal complaint filed to determine whether, on its face, an alleged violation of the policy has occurred, and an investigation is needed.

d. Investigation of Allegations

Investigations are conducted by the Title IX Office. For the purposes of investigation, the Title IX Coordinator will assign Title IX Team members(s). Title IX Team members include the Title IX Coordinator and Title IX Deputies, and all team members are trained to conduct each stage of the formal investigation process.

i. Initial Title IX Team Assignment

Prior to the start of a formal investigation, the Title IX Coordinator will send a written “Initial Title IX Team Assignment” to the Complainant and Respondent, which will include the names of the Title IX Team member(s) assigned to the particular formal complaint.

ii. Conflict of Interest

If any Complainant and/or a Respondent believes any Title IX Team member assigned to the particular formal complaint has a conflict of interest, the party must contact the Title IX Coordinator in writing no more than seven (7) days (excluding University holidays) of receiving the Initial Title IX Team Assignment with an explanation of the alleged conflict of interest (a “Conflict of Interest Actual knowledge notice”).

In the event that the Title IX Coordinator receives a Conflict of Interest Actual knowledge, the Title IX Coordinator will make any substitutions the Title IX Coordinator deems appropriate. Similarly, if an assigned Title IX Team Member believes the particular formal complaint poses a conflict of interest for the individual, the Title IX Team member will contact the Title IX Coordinator immediately and the Title IX Coordinator will make any substitutions the Title IX Coordinator deems appropriate. After the Conflict of Interest Actual knowledge notice period has passed, the Title IX Coordinator will send a written “Final Title IX Team Assignment” to the Complainant(s) and Respondent(s).

iii. Title IX Team Member Notification

The Title IX Team member(s) will send written notification to the Complainant and the Respondent that the formal investigation has started, along with the relevant conduct provision(s) at issue and the potential sanctions and disciplinary actions if a violation of the policy is found.

iv. Investigative Interviews

The Title IX Team member(s) will conduct interviews of the Complainant, the Respondent, and any witnesses identified by those parties. The Respondent shall be provided a copy of any written report or otherwise informed of the substance of any Complainant’s allegations. Similarly, the Complainant shall be provided with a copy of any written response provided by a Respondent or otherwise informed of the substance of any Respondent’s response to the allegations.

v. Consideration of Evidence by Title IX Team Member(s):

The Title IX Team member(s) will gather relevant documents or evidence (e.g., law enforcement investigatory records, student and/or personnel files, etc.). Both the Complainant and Respondent will be asked to provide a list of possible witnesses as well as any written or physical evidence (e.g., text messages, social media postings, emails, photos, medical records, etc.) that they wish to be included as part of the investigation.

vi. Prepare Investigative Report

The Title IX Team Member(s) will prepare an Investigative Report complete with a summary of interviews, relevant documents, and next steps.

vii. Distribute Investigative Report

The Title IX Team member(s) shall provide any Complainant and Respondent with access to the Investigation Report as well as any non-confidential documents or evidence gathered by the Title IX Investigator(s) that were used to prepare the Investigation Report to the parties.

The evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint will be made available to the parties and their advisors, including the evidence upon which the University may not rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence. The parties will have 10 calendar days to review the evidence. The parties will be offered the opportunity to review the evidence and provide a written response that will be submitted to the investigators for the completion of the Investigation Report.

The investigator shall then prepare a written Investigation Report fairly summarizing the relevant evidence, and provide a copy to both parties. The investigator shall submit this Investigation Report to the parties no less than ten days before any scheduled hearing. Each party may submit a written response to the Investigation Report.

The purpose of the Investigative Report is to summarize factual findings, not conclusions as to whether a policy violation occurred. The investigator may also make findings that go to the credibility and cooperation of witnesses. For the privacy of all those involved, evidence shared in an electronic format will not be printable, downloadable or electronically shareable by the parties or their advisors. Exceptions may be made in compliance with Section 504 of the Rehabilitation Act of 1973.

e. Pre-Hearing Conference

Each party will have their own pre-hearing conference. The Title IX Coordinator will communicate to the parties, their advisors, and the Hearing Chair the date, time, and format for their Pre-Hearing Conference. The Title IX Coordinator, the Hearing Chair, and the advisor must be in attendance. While the parties are strongly encouraged to attend, they are not required to do so.

During the Pre-Hearing Conference, the advisors must share with the Sexual Misconduct and Interpersonal Violence Hearing Chair, their list of witnesses to appear at the hearing, the identity of any requested witnesses that were not questioned during the investigation, the request for any new evidence to be considered that was not submitted previously to the investigators, and the availability of the advisor and the party for hearing dates.

Evidence and witnesses may only be presented at the hearing if they were submitted to the investigators and made available to the parties for review, unless they were unavailable at the time of the investigation or the relevance was unknown until the investigative report was submitted. The Hearing Chair will address any requests to present new evidence and new witnesses at the Prehearing Conference.

The advisor is strongly encouraged to discuss lines of questioning with the Sexual Misconduct and Interpersonal Violence Hearing Chair at the Prehearing Conference to obtain guidance from the Hearing Chair on relevancy prior to the hearing. The Sexual Misconduct and Interpersonal Violence Hearing Chair will discuss the expectations and guidelines for appropriate behavior and decorum during the hearing.

After reviewing each party’s witness list, the Sexual Misconduct and Interpersonal Violence Hearing Chair may, at their discretion, add names of other witnesses contained in the report for the purpose of appearing at the hearing and submitting to cross-examination.

After the conclusion of the Pre-Hearing Conferences, the Title IX Coordinator will provide each party and their advisor with written notice of the date, time, and manner for the hearing, which will typically occur no less than 5 business days after the conclusion of the final pre-hearing conference

f. Live Hearing

Once all the initial investigation and interviews have taken place, the live hearing will be scheduled by the Title IX Coordinator. During the live hearing, the decision-makers, called the Sexual Misconduct and Interpersonal Violence Hearing Board will facilitate the process of permitting each party’s advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including questions that challenge credibility (please refer to the Walsh University Student Handbook > Administrative and Board Hearing Procedures). The Hearing Board consists of the Title IX Hearing Board Facilitator, 1 faculty member and 1 staff member.

Live hearings may be conducted with all parties physically present in the same geographic location or, at the school’s discretion, any or all parties, witnesses, and other participants may appear at the live hearing virtually. Additionally, schools must create an audio or audiovisual recording, or transcript, of any live hearing.

i. Cross Examination

- a. **Cross-examination at the live hearing must be conducted directly, orally, and in real time by the party’s advisor of choice and never by a party personally.**
- b. **At the request of either party, the recipient must provide for the entire live hearing (including cross-examination) to occur with the parties located in separate rooms with technology enabling the parties to see and hear each other.**
- c. **Only relevant cross-examination and other questions may be asked of a party or witness. Before a complainant, respondent, or witness answers a cross- examination or other question, the decision-maker must first determine whether the question is relevant and explain to the party’s advisor asking cross-examination questions any decision to exclude a question as not relevant.**
- d. **If a party does not have an advisor present at the live hearing, the school must provide, without fee or charge to that party, an advisor of the school’s choice who may be, but is not required to be, an attorney to conduct cross- examination on behalf of that party.**
- e. **If a party or witness does not submit to cross-examination at the live hearing, the Hearing Board will weigh any relevant statements of the party or witness appropriately in reaching a determination of responsibility. The Hearing Board will not draw an inference about the determination regarding responsibility based solely on a party’s or witness’s absence from the live hearing or refusal to answer cross-examination or other questions.**

g. Advisor or Support Person of Choice: Reporting and Respondent(s)

Complainant and Respondent have a right to be accompanied by one advisor or support person who may be, but is not required to be, an attorney, of the individual’s choosing, or if the party needs an advisor, chosen/suggested by the University, during any meeting with a Title IX Team Member and including the live hearing (if applicable).

That advisor or support person:

- is permitted to provide support but cannot advocate for the party or impede the investigation.
- is permitted to be someone who is a potential witness in the investigation.
- is permitted to cross examine/ask questions during the live hearing on behalf of the Complainant or Respondent, provided they are relevant to the investigation.

Any advisor that becomes disruptive in any meeting/hearing, the university reserves the right to remove the advisor from that meeting and/or prohibit them from participating in the remainder of the process. Any person who serves as an advisor should plan to make themselves available for meetings throughout the process. Scheduling of the interviews and meetings will not be unduly delayed due to the lack of availability of the advisor.

h. Rights of the Complaint and Respondent During the investigation and resolution of a formal complaint filed, the Complainant and Respondent shall have equal rights. These include the right to:

- have written notice of the of the allegations upon receipt of a formal complaint.
- to present fact and expert witnesses and other inculpatory and exculpatory evidence.
- to select an advisor of the party’s choice who may be, but need not be, an attorney. to send written notice of any investigative interviews, meetings, or hearings.
- to send the parties, and their advisors, evidence directly related to the allegations, in electronic format or hard copy, with at least 10 days for the parties to inspect, review, and respond to the evidence.
- to freely discuss and gather evidence related to the allegation (no gag orders)
- to identify and have considered witnesses and other relevant evidence.
- to be apprised of the substance of any statements or evidence provided by the other party.
- to receive, along with their advisors, an investigative report that fairly summarizes relevant evidence, in electronic format or hard copy, with at least 10 days for the parties to respond.
- to cross examine the Complainant or Respondent and corresponding witnesses during a live hearing.
- to appeal determinations pursuant to “Section Q. Appeal Process”

i. Investigation Timeline

Efforts will be made to complete a formal investigation within approximately sixty (60) days of receiving the initial formal complaint. If the University is unable to complete a formal investigation within sixty (60) days of receipt of a formal complaint, the Title IX Coordinator or Title IX Deputy assigned to the investigation, will notify any Complainant and any Respondent in writing of the need for additional time, the reason(s) that additional time is needed, and an approximate date for completion of the formal investigation.

j. Promptness, Fairness and Impartiality

These investigative procedures provide for prompt, fair, and impartial investigations and resolutions. The Title IX Team member shall discharge their obligations under these procedures fairly and impartially. If the Team IX Team member determines that they cannot apply these procedures fairly and impartially because of the identity of a Complainant, Respondent, or witness, or due to any other conflict of interest, the Title IX Team member shall designate another appropriate individual to administer these procedures.

k. Dismissal of Allegation

Walsh University must dismiss allegations of conduct that do not meet the definition Title IX Prohibited Conduct or did not occur in the University’s education program or activity against a person in the United States. Dismissed allegations of Title IX Prohibited conduct and/or allegations of Non-Title IX Prohibited conduct will be referred to the Student Conduct & Community Standards Office as the university deems most appropriate.

Furthermore, Walsh University may, at their discretion, dismiss a formal complaint or allegations therein if

- the complainant informs the Title IX Coordinator in writing that the complainant desires to withdraw the formal complaint or allegations therein,
- if the respondent is no longer enrolled or employed by the school, or
- if specific circumstances prevent the school from gathering sufficient evidence to reach a determination.

In cases of a request for a withdrawal of a formal complaint, the school must give the parties written notice of a dismissal (mandatory or discretionary) and the reasons for the dismissal.

Investigative Outcomes

1. Investigative Finding & Determination

The decision-maker (who cannot be the same person as the Title IX Coordinator or the investigator) will issue a written determination regarding responsibility with findings of fact, conclusions about whether the alleged conduct occurred, rationale for the result as to each allegation, any disciplinary sanctions imposed on the respondent, and whether remedies will be provided to the complainant.

This determination will be provided simultaneously in writing to both the Complainant and Respondent become final. The following are the potential outcome:

In the event the Sexual Misconduct and Interpersonal Violence Hearing Board determines that there is probable cause to believe that a violation of this policy occurred, the Title IX Coordinator will issue a “Actual Knowledge Notice of Violation” in writing to any Respondent and provide a copy of the Actual knowledge notice of Violation to any Complainant.
- b. **Actual Knowledge Notice of No-Violation**
In the event that the Sexual Misconduct and Interpersonal Violence Hearing Board does not find that there is probable cause to believe that a violation of this policy occurred, the board will issue (through the Title IX Coordinator) a “Actual knowledge Notice of No Violation” in writing to any Complainant and provide a copy of the Actual knowledge notice of No Violation to any Respondent. The Title IX Coordinator will also notify the parties of their right to appeal the Investigative Findings & Determination, and, if applicable, the sanctions or disciplinary measures recommended.

2. Standard of Proof

The standard of proof used for all Prohibited Conduct is a preponderance of evidence. This means there is a greater than 50% chance (based on the evidence provided within the investigation) that the Respondent is responsible for the violation as indicated in the filed report.

Charges of retaliation are as separate matter from the Title IX issues and will be addressed promptly through the Human Resources office in collaboration with the employee’s direct supervisor.

Appeal Process

The Complainant or Respondent has the right to appeal a determination and recommended sanctioning only on the following grounds:

1. There is a substantial likelihood that newly discovered information, not available at the time evidence was presented to the investigating Title IX Team Member or Sexual Misconduct and Interpersonal Violence Hearing Board Member, would result in a different decision,
2. There was a procedural error significant enough to call the outcome into question, and/or
3. The sanction or disciplinary action imposed is disproportionate to the offense.

Appeals are not intended to be full re-hearings of the formal complaint and investigation. In most cases, appeals are confined to a review of the written documentation or record of the original hearing, and pertinent documentation regarding the grounds for appeal. This is not an opportunity for Appeal Review Board members to substitute their judgment for that of the original hearing body merely because they disagree with its finding and/or sanctions.

Appeals decisions are to be deferential to the original hearing body, making changes to the finding only where there is clear error and to the sanction only if there is a compelling justification to do so. Complainant and Respondent will be notified, simultaneously, in writing if a change is made to the investigative finding and when results become final.

1. Method of Appeal

- Complainant and Respondent may file a written appeal with the Vice-President for Student Experience/Chief Student Conduct Officer (or designee) within seven (7) calendar days from the date of the written decision. The appeal must be in writing and contain the following:
- a. Name of the Complainant
 - b. Name of the Respondent
 - c. A statement of the outcome of the investigation, including disciplinary action or sanctioning recommendations, if any
 - d. A detailed statement of the basis for the appeal including the specific facts, circumstances, and argument in support of it, and requested action, if any

The non-appealing party will have an opportunity to provide a written response to the request for appeal to the Vice-President for Student Experience/Chief Student Conduct Officer (or designee). The written response must be submitted within seven (7) calendar days of receipt of Request for Appeal.

*Per University policy, third parties are unable to utilize the institutional process as they are not under the University’s jurisdiction, and must be addressed through appropriate administrators, Campus Police, and/or local enforcement.

2. Resolution of the Appeal

The Vice-President for Student Experience will generally resolve the appeal within fourteen (14) days of receiving it and may take any and all actions that they determine to be in the interest of a fair and just decision. The decision of the Vice-President for Student Experience/Chief Student Conduct Officer is final. The Vice-President for Student Experience/Chief Student Conduct Officer shall issue a short and plain, written statement of the resolution of the appeal, including any changes made to the Sexual Misconduct and Interpersonal Violence Hearing Board previous written determination and/or the sanctions and remedial measures imposed. The written statement shall be provided to the Complainant, Respondent, and the Title IX Coordinator within ten (10) days of the resolution. Sanctions imposed are then implemented immediately, pending the outcome.

Bystander Intervention

Bystander interventions mean safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking actions to intervene.

Walsh University encourages bystanders to be active in interrupting (potentially) harmful situations they may witness, including those that promote or are an act of sexual misconduct and/or interpersonal violence. Walsh promotes the idea of shared responsibility and that each member of our community plays a role in preventing violence from occurring. When interrupting a harmful situation, bystanders should stay at a distance and gather others for assistance, when possible. Walsh promotes the 4 Ds of Bystander Intervention in its trainings and programs as safe options for intervention.

Employees and students should take the following steps when implementing intervention strategies:

1. **Notice the situation** – Bystanders must first notice harmful actions taking place. Educate yourself about interpersonal violence and the warning signs of abuse. Share this information with your friends and colleagues.

Warning Signs That Could Lead to a Sexual Assault:

- Withdrawing from other relationships or activities, for example, spending less time with friends, leaving sports teams, or dropping classes
 - Saying that their partner doesn't want them to engage in social activities or is limiting their contact with others
 - Disclosing that sexual assault has happened before
 - Any mention of a partner trying to limit their contraceptive options or refusing to use safer sexual practices, such as refusing to use condoms or not wanting them to use birth control
 - Mentioning that their partner is pressuring them to do things that make them uncomfortable
 - Signs that a partner controlling their means of communication, such as answering their phone or text messages or intruding into private conversations
 - Visible signs of physical abuse, such as bruises or black eyes
- (Taken from Rape, Abuse, & Incest National Network, www.rainn.org)

Warning Signs of Relationship Violence

- Tells you that you can never do anything right
 - Shows extreme jealousy of your friends and time spent away
 - Keeps you or discourages you from seeing friends or family members
 - Insults, demeans or shames you with put-downs
 - Controls every penny spent in the household
 - Takes your money or refuses to give you money for necessary expenses
 - Looks at you or acts in ways that scare you
 - Controls who you see, where you go, or what you do
 - Prevents you from making your own decisions
 - Tells you that you are a bad parent or threatens to harm or take away your children
 - Prevents you from working or attending school
 - Destroys your property or threatens to hurt or kill your pets
 - Intimidates you with guns, knives or other weapons
 - Pressures you to have sex when you don't want to or do things sexually you're not comfortable with
 - Pressures you to use drugs or alcohol
- (Taken from The National Domestic Violence Hotline, www.thehotline.org)

Warning Signs of Stalking

[When a friend is...]

- Always looking over [their] shoulder?
 - Confused about how someone always seems to know where [they] are?
 - Unsure when that person will show up again?
 - Nervous about checking [their] e-mail or phone because it might be him/her/them again?
 - Scared of what that person might do next?
- (Taken from SPARC, www.stalkingawareness.org)
2. **Interpret the situation as harmful** – Bystanders also need to evaluate the situation and determine whether it is harmful – or at least one in which someone needs assistance.
 3. **Assume responsibility** – Another decision bystander make is whether they should assume responsibility for the harmful situation and provide help.
 4. **Attempt to help** – Help the person leave the situation, confront a behavior, diffuse a situation, or call for other support/ security. Confront friends who make excuses for other people's abusive behavior. Implement the 4 Ds of Bystander Intervention:
 - **Direct** – A bystander may choose to directly engage with a perpetrator, victim, or both. Using this strategy, they would directly address the inappropriate attitudes or behaviors that are occurring and/or would remove the victim from the harmful situation.
 - **Delegate** – A bystander may choose to ask someone else or a group to help intervene in the harmful situation.
 - **Distract** – A bystander may choose to divert the attention of the perpetrator and help remove the victim from the situation or to draw the attention of other bystanders to the situation occurring.
 - **Delay** – If a situation is unsafe or if a bystander is unsure of all the details of the situation, the bystander can check back in with the victim or make a report after the incident occurs.

If someone is in immediate danger, call Campus Police at 330.490.7474 or local police at 911 for assistance.

Risk Reduction

Risk reduction strategies are designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.

With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one's risk of sexual assault or harassment:

1. **Avoiding Dangerous Situations**
 - Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.

- Try to avoid isolated areas. It is more difficult to get help if no one is around.
- Walk with purpose. Even if you don't know where you are going, act like you do.
- Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.
- Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
- Make sure your cell phone is with you and charged and that you have cab money, and/or an on-demand driver app loaded.
- Don't allow yourself to be isolated with someone you don't trust or someone you don't know.
- Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.

1. In a Social Situations

- When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
- Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
- Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
- Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
- Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
- If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).

1. If Someone is Pressuring You

If you need to get out of an uncomfortable or scary situation, here are some things that you can try:

- Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
- Be true to yourself. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
- Have a code word with your friends or family so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
- Lie. If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
- Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
- If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

Coordinated Community Response Team

In addition to implementing these strategies to reduce the perpetration and victimization of sexual misconduct and interpersonal violence on campus, Walsh University has its own Coordinated Community Response Team (CCRT) that actively seeks to address risk and protective factors of sexual assault, domestic violence, dating violence, and stalking at the institution. The CCRT's mission statement explains this team "...is a collaborative body of campus and community experts who provide the Walsh University community with inclusive, culturally humble and trauma-focused education, safety and prevention efforts to end sexual assault, dating violence, domestic violence, and stalking."

Our experienced faculty comes from all over the world to offer an international perspective, which is always rooted in faith. With a 15 to 1 student/teacher ratio, we foster an environment that encourages students to interact closely with faculty members.

All of our academic programs are designed to educate the whole student — mind, body and spirit — through hands-on, experiential learning that goes beyond the books. Our students gain insights outside the classroom through internships, on-site training, student teaching opportunities, and service learning.

At Walsh, we believe that leaders are created through service to others. That’s why volunteer work is not only encouraged, it’s a requirement of our core curriculum.

The University provides its students a higher education that fosters critical thinking, effective communication, spiritual growth, and personal, professional and cultural development.

ACADEMIC POLICIES

ACADEMIC INTEGRITY POLICIES AND PROCEDURES

Policy Statement

Academic integrity (AI) lies at the heart of student–instructor relationships involving learning, free inquiry, and the search for knowledge and truth. Inspired by the spirit of the Judeo-Christian tradition expressed in the University’s mission statement, Walsh University requires all faculty and students to act honestly, morally, and ethically in the maintenance of professional standards for learning, research, writing, and assessment. To maintain the academic integrity of the University, students are responsible for their own academic work. Academic dishonesty is not acceptable under any circumstances and has repercussions.

Academic Integrity Repository

A confidential file of student Academic Integrity violations is kept electronically in the Academic Integrity Repository in the Office of Academic Affairs. Faculty may request a search of the Repository for a student’s name to determine if there are any prior offenses.

Penalties and Sanctions

Violations of academic integrity carry commensurate penalties that vary in severity depending on the nature of the infraction and the student’s record of any prior offenses. Sanctions may range from the failure of a specific test or assignment to a reduced course grade, failure of the course, probation, suspension, to dismissal from a program or from the University. The faculty member, in consultation with the Division Chair, has the initial responsibility to recommend the penalty and impact on a student’s grades in a course. After the faculty member and Division Chair or Program Director have made a report, the case is then reviewed by the School Dean. The faculty member is responsible for providing all documentation, correspondence, and supporting materials related to violations of academic integrity by submitting an Academic Integrity Violation Form. In the case of dismissal from either a program or the University resulting from unprofessional behavior or an integrity violation, the dismissal will be noted on the student’s academic transcript.

Refer to Financial Policies to determine the obligation to pay if suspension or expulsion occurs.

Procedures for Handling Alleged Violations

1. The faculty member first checks the Academic Integrity Repository (maintained in the Office of Academic Affairs) for prior offenses.
2. The faculty member communicates to the student the nature of the infraction and the forthcoming actions, allows the student to respond, and collects background information related to the violation.
3. After all relevant information is gathered and a recommended penalty is determined, the faculty member, in consultation with the Division Chair and School Dean, will confirm the violation and the penalty. The student must be notified in writing.
 - a. All details of this process, including submission of all supporting materials, documentation, and summary of conversations with campus constituents, must be submitted on the electronic Academic Integrity Violation Form for inclusion in the Academic Integrity Repository File.
4. Further, if the penalty results in a course failure, the final grade must be submitted immediately to the Office of the Registrar via Faculty Self-Service Cavalier Center. Should the course failure occur prior to the opening of final grade submission, the faculty member must contact the Office of the Registrar so early grade entry can take place.
5. After the student is informed in writing of the penalty, the faculty member promptly notifies the Division Chair, School Dean, and the Office of Academic Affairs.
6. If the students maintain that the allegation is in error, unfair, or needs more context, he or she may appeal the decision in accordance with the University’s Academic Appeals procedures.

It is crucial that the faculty member also not engage in any discussions with individuals external to the University, including parents or other relatives of the student, about the alleged violations without reviewing the student’s FERPA release form related to integrity violation. Permission must be granted by the student before conversations occur with non-University personnel.

Definitions

Academic Dishonesty: The definition of Academic Dishonesty is the fabrication or misrepresentation of work, either intentional or unintentional, which includes, but is not limited to, plagiarism, cheating, lying, forgery, sabotage, bribery, and/or the multi-submission of academic work.

Plagiarism: Plagiarism is the representation of the works, ideas, data, or arguments of others as one’s own. Whether quoting, paraphrasing, or reiterating others’ ideas, students are responsible for documenting any ideas, concepts, information, or data taken from other sources. This means that students are required to identify the source through footnotes, endnotes,

references, in-text citations, quotation marks, and/or other forms of documentation. Sources include books, journal articles, newspapers, websites, videos, blogs or other electronic media, private letters, interviews, computer code, or individuals’ creative work such as graphic design, music, fiction, poetry, or any works of art. Additionally, a paper must be merely a series of phrases, sentences, or paragraphs copied from a source or sources, but rather should demonstrate the student’s synthesis of the information.

Cheating: Cheating is using, or attempting to use, unacknowledged or unauthorized materials, information, data, or ideas. Looking at another student’s materials and/or using unauthorized external aids (including but not limited to cell phones, the internet, laptops, Smart watches, tablets, notes, textbooks, earbuds, writing on desks or hands) during an exam or completion of assignments is also cheating. Purchasing or commissioning essays, forum posts, assignments, papers, or presentations from pay-for-academic-service websites is contract cheating, which is unacceptable.

Lying: Lying is the intentional misrepresentation of facts or situations relevant to students’ performances in the academic setting.

Forgery: Forgery is the fabricating, altering or counterfeiting of images, documents, or signatures on any information, data, or documents.

Sabotage: Sabotage means deliberately impairing, destroying, damaging, or stealing another’s work or working materials such as lab experiments, library resources, computer programs, term papers, exams, or projects.

Bribery: Bribery means offering any service or article with the purpose or effect of receiving a grade or other academic benefit not earned on the merits of the academic work.

Multi-Submission of Work: A classroom paper of any type must be the work of the student submitting it. Student should normally submit credit work for only one course, unless the instructor(s) grant prior written consent for submission to meet requirements for any other course.

ACADEMIC APPEALS

All students have the right to appeal a grade or academic decision which they believe to be in error or unfair. An appeal should not be entered upon lightly by a student, nor lightly dismissed by an instructor or administrator.

Policy

At the end of each term, instructors are required to assign a final grade for all registered students. It is within the instructor’s professional jurisdiction to assign the grade the student has earned. Should a grade be assigned that a student believes to be in error, the student has the right to submit an appeal to contest the final grade. A grade appeal is not permitted for students who receive a final grade of “F” due to his/her failure to drop a course within the timeframe as listed in the Academic Calendar. Additionally, grade appeals are not permitted for final grades of “W”.

Procedure

1. The student should first attempt to resolve the grading issue or academic decision directly with the assigned course instructor.
2. Should a student be unable to resolve the grading issue or academic decision directly with the instructor, an Academic Appeal Request must be submitted no later than two calendar weeks after the release of final grades or the academic decision. Requests submitted after this deadline will not be reviewed.
 - a. Students must include the rationale behind the grade or academic decision appeal.
3. The request must be submitted with all supporting documentation to the division chair or program director.
 - a. The departmental figure above will review the appeal.
 - i. Should the departmental figure determine a grade or academic decision change is appropriate and necessary, the outcome will be communicated to the student.
4. After the division chair or program director reviews the request, the school dean is responsible for verifying the appropriateness of the decision.
5. If the student chooses to appeal the division chair or program director’s decision, he/she may appeal to the School Dean no later than two weeks following the decision or the division chair or program director.
6. The final decision of the School Dean is considered final.
7. The Office of the Registrar is responsible for processing grade changes and academic decision updates that result from an approved Academic Appeal Request.

If the appeal process results in a change of grade, the appropriate administrator must submit the signed grade change form to the Office of the Registrar.

SCHOLASTIC AND ATHLETIC ELIGIBILITY

Full-time students are eligible to participate in intercollegiate athletics and other extracurricular activities if they meet eligibility requirements for such activities. Students on academic probation are expected to arrange schedules which will allow them full opportunity to improve their performance.

You must maintain a certain GPA:

- End of 1st semester: Freshman.....1.75
- End of 1st semester: Sophomores, Juniors, Seniors..... 2.00
- End of 2nd semester 2.00
- End of 3rd semester & beyond 2.00

An athlete must complete a minimum of 24 credit hours in an academic year to be eligible for participation the following year. Of the 24 credit hours earned, 18 credit hours must be earned in the Fall and the Spring. See the University Catalog for additional academic policies and degree program requirements.

ACADEMIC AWARDS

Each academic year, Walsh University Faculty, Program Directors and Deans recommend outstanding students for two academic awards presented in spring just prior to Commencement:

OUTSTANDING STUDENT (USUALLY A SENIOR) IN EACH MAJOR/PROGRAM

This award recognizes a student who has consistently demonstrated excellence in academics within a given major/program. Factors include grade point average, research done, rigor of upper-level classes, complexity of projects, etc.

OUTSTANDING STUDENT (UNIVERSITY-WIDE)

This award is given to one student as determined by the Vice President for Academic Affairs (VPAA) upon recommendations and discussions with Faculty and Academic Leaders within schools. This is the highest academic award a student can earn. The first consideration is the highest grade point average of all students. If ties exist, the VPAA may do interviews and consider other academic factors.

STUDENT INPUT

COURSE EVALUATIONS

Students’ views on courses and the ways they are taught are used by the division chairs and deans of the different schools, the Committee on Faculty Retention, Tenure, and Promotion, and the Vice President for Academic Affairs to evaluate teaching effectiveness. Teaching faculty members are required to have all students in their classes complete course evaluations at the conclusion of each term. The purpose of course evaluation at Walsh University is twofold: 1) to provide constructive feedback aimed at improving instruction and 2) to provide input into the faculty evaluation process for tenure and/or promotion. Student evaluation of instruction is a mandatory component of all faculty portfolios. For adjunct faculty, course evaluations aid division chairs and school deans in their decisions about renewal of part-time contracts. Walsh University conducts student evaluations of instruction using the mobile-ready version of the IDEA Student Ratings of Instruction System. The process of course evaluation is coordinated through the Office of Institutional Effectiveness & Assessment. At the end of each term, teaching faculty will schedule time for completion of the course evaluations of their face-to-face or online courses. The student survey link is <https://walsh.campuslabs.com/courseeval/>. Students will need to log into the survey system with their Walsh ID and password. Students will also receive the survey link in automatically generated messages from the IDEA course evaluation system through Anthology during the respective course evaluation periods. Once students have completed the evaluation forms and they are processed by Anthology, the results are forwarded to each faculty member and their division chairs and/or deans.

ACADEMIC SERVICES

ACADEMIC SUPPORT

Library | 2nd Floor | 330.490.7006

Tutoring

Tutoring Services offers individual and group support in all subject areas, including writing. Our experienced and trained peer tutors are employed through payroll. Schedules are posted by the second week of each term at www.walsh.edu/tutoring, and tutoring is available, both in-person and online, seven days a week from 8 AM to 11 PM. Subject availability depends on tutor schedules. Academic Support staff are available Monday through Thursday from 8 AM to 5 PM and Friday from 8 AM to 2 PM. During the summer, tutoring is offered in select subjects on a more limited basis.

Free Tutoring Entails:

- Individual 30–60-minute appointments held online or in-person at a public location mutually agreed upon by the student and tutor.
- Personal Tutors assigned to specific courses, offering proactive outreach, 1-on-1 sessions, and study groups during key points in the term.
- Walk-in tutoring sessions for high-demand courses, including writing. Updated hours and locations are advertised each term.
- Writing assistance across disciplines, including help with brainstorming, idea development, organization, and select grammar and mechanics. While tutors can assist with proofreading, students benefit most when they return with multiple drafts as part of the revision process. Students should bring any drafts, assignment sheets, rubrics, and goals to make the session most effective.
- Support for documentation styles including MLA, APA, and Chicago.
- A professional writing coach available to support graduate-level work.
- Tutoring report forms are shared with instructors to help them understand students’ efforts toward success.

Procedures and Policies

Tutoring is available to the entire student body. All students may schedule appointments at www.walsh.edu/tutoring or by visiting the 2nd floor of the Library.

Tutoring is here to support student learning and build confidence in academic skills. Tutoring is not a guarantee of a specific grade. The main focus of tutoring is to assist students with becoming stronger thinkers, writers, and problem-solvers.

Academic Support staff understand that plans change. If a student is unable to attend a session, the student should cancel through the website as soon as possible. Missed appointments without notice (“no shows”) can impact availability. Students will be barred from scheduling appointments if they accrue 3 “no shows.” An email will be sent to the student notifying them of this status. The ban will be lifted after a student meets with a member of Academic Support staff.

ACCESSIBILITY SERVICES

Library | 2nd Floor | Tower Suite | 330.490.7529

Walsh University is committed to fostering an institutional climate in which qualified students with disabilities have full access to the academic environment. Accessibility Services allows students the opportunity for full participation in the Walsh Experience by providing reasonable, appropriate accommodations, as directed by Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, as amended in 2008.

Housed in the Tower Suite on the 2nd floor of the Brother Edmond Drouin Library, Accessibility Services verifies students’ disability status and determines eligibility for specific accommodations. Accommodations, such as extended test time, note taking assistance, attendance flexibility, and housing considerations are coordinated through this office. Students must register with Accessibility Services in order to receive these services. Per federal law, Accessibility Services can provide these accommodations only to students with, verified disabilities and not to the general student population.

The Director of Academic Support Services, works with Human Resources and the Vice President for Academic Affairs to be the University’s point-person on matters pertaining to legal accommodations for students, faculty, and staff. The Director of Academic Support Services, Meredith Soduk, coordinates Accessibility Services and can be contacted by e-mail at msoduk@walsh.edu or by phone at 330.490.7529.

How to Register with Accessibility Services

1. **Submit a completed Request for Accommodations Form.**
Forms can be obtained at www.walsh.edu/accessibility. Completed forms include the type of disability and the specific accommodations desired.
2. **Submit current documentation of a disability completed by a qualified professional.**
Submit documentation directly to the Director of Academic Support Services, located in Tower Suite, 2nd floor of the library. Documentation can be dropped off to the Tower Suite, faxed, or scanned/emailed to msoduk@walsh.edu. All submitted letters must be on the practitioner’s letterhead, typed, dated, signed, and otherwise legible. The name, title and professional credentials of the evaluator, including information about licensure or certification as well as the area of specialization must be clearly stated in the documentation. The documentation must confirm the specific diagnosis of the disability. Questions regarding documentation can be directed to the Director of Academic Support Services.
3. **Schedule an intake meeting with the Director of Academic Support Services.**
During this meeting, the student’s individualized needs will be discussed and appropriate accommodations will be determined based on the student’s disability-related documentation. The Director of Academic Support Services will review policies and procedures for utilizing accommodations at Walsh University. The student will then sign a release to give permission to the Director to send an accommodation letter to the student’s instructors. This meeting can be conducted over zoom if unable to meet in person.

Accessibility Policies

- Accessibility Services protects the confidentiality of student’s disability-related records according to the guidelines of the Family Educational Rights and Privacy Act (FERPA). These records are maintained in the Accessibility Services Office, separate from students’ academic records.
- Eligible students who wish to utilize accommodations must request accommodations each semester. This process is discussed during the intake meeting with the Director of Academic Support Services.
- Employees reserve the right to refuse academic accommodations to any student who has not had an official accommodation letter processed through Academic Support Services.
- Once an accommodation letter has been sent to a faculty/staff member, Federal law enjoins the employee to provide accommodations requested in a timely manner.
- Accommodations offered by Accessibility Services must be initiated by the student in a timely manner and do not apply retroactively. Accessibility Services is not responsible for negative academic repercussions that may arise from a student’s failure to use his/her academic accommodations over the course of a semester, nor that may arise from a student’s mismanagement of the time necessary to coordinate accommodations (e.g., failure to submit test proctoring form to Academic Support staff within specified time-frame or failure to notify Accessibility Services of issues related to coordinating accommodations with a faculty member).
- Eligible students interested in utilizing alternative testing accommodations in the Academic Support Testing Center must submit the online Test Proctoring form at least three (3) business days before the test is to be taken. This ensures that the test proctor and instructor have sufficient notice for the Academic Support Testing Center to coordinate the exam. Failure to submit the form according to this time-frame may mean that proctoring services will be unavailable for that test. A more comprehensive list of testing policies can be found at www.walsh.edu/accessibility.
- Students interested in requesting accommodations for online consortium classes should contact the Director of Academic Support Services, who will then coordinate services with the provider school. As the process for coordinating services can sometimes be lengthy, it is advised that the student make this request no later than two weeks prior to the term start.
- Dispute resolution procedures are in place should a student wish to appeal a decision made by the Director of Academic Support Services or to file a complaint regarding the delivery of disability-related services by an employee. These procedures are available at www.walsh.edu/accessibility and in the Accessibility Services Student Handbook.
- Temporary accommodations for temporary medical conditions, (concussion, surgery, etc.) can also be coordinated through Accessibility Services. Contact the Director of Academic Support Services if you have extenuating circumstances that may require temporary supports.

FIRST YEAR STUDENT SUCCESS AND ACADEMIC ADVISING

Freshmen will work with their first year academic advisor until September of the student’s second year. Freshmen are expected to meet with their first year academic advisor at least 3 times a semester. While the advisor guides the student in fulfilling the requirements for completing a degree, the student has the ultimate responsibility for choosing appropriate courses. These responsibilities, outlined in the catalog, become effective when the student first enters Walsh. The student and his/her advisor meet during a time set aside for academic advising to discuss the student’s academic progress. The advisor must authorize the student’s registration in order for the student to be eligible to register for the next semester’s classes. The advisor also must sign all add/ drop requests before they are submitted to the Office of the Registrar. First year academic advisors are assigned by the Director of First Year Student Success and Academic Advising. The School deans and Division Chairs of programs assign content advisors. All freshmen full-and part-time students working toward a degree will be assigned a faculty advisor in their major field of study. CAMPUS ASSISTANCE AND RESPONSE TEAM

CARe Team is a team of higher education professionals who provide support and assistance students. Members work to intervene and assist students with a variety of issues to promote student success. Student concerns include academic, medical, financial and personal.

THE BEHAVIORAL ASSESSMENT INTERVENTION TEAM

BAIT serves as the centralized campus team for discussion and coordinated action regarding reports of disruptive, problematic, or concerning behavior or misconduct from co-workers, students, community members, friends, colleagues, and anonymous. The BAIT aims to bring collective wisdom, professional perspectives, campus management, behavioral evaluation, and workplace violence prevention responsibilities to address cases of perceived or actual behaviors of concern, which may include the potential of violence. Upon receipt, the Team reviews the report, assesses the threat and determines the best referrals for support, intervention, warning/notification and response. Core members of the team include representatives from Title IX, Student Experience, Campus Police, Counseling Services, and Student Conduct.

Our Student Experience team supports our students by offering programs and services that respond to the needs of individual students, as well as those of our community.

Our pledge is to help students find their purpose and embody the university's core values: Community, Excellence, Integrity, Service and Faith.

Made up of dedicated employees, the Student Experience team is committed to the holistic development of our students - mentoring, empowering and supporting them during their time at Walsh and beyond, including Counseling Services, and developmental programs for our community.

STUDENT CONDUCT SYSTEM

The mission of the Walsh University Conduct System is to foster a sense of responsibility for personal and community standards as well as improve awareness of values-based behaviors through intentional opportunities for student learning and reflection. This is achieved by consistently reviewing appropriate educational responses in cases involving violations of federal, state, and local law, as well as University policies and student association regulations. Our conduct process is grounded in the concept of fairness and impartiality, thereby supporting the values of our community by addressing misconduct in a constructive and positive way. Walsh University expects all members of the campus community to uphold and abide by the moral and educational values of our Judeo-Christian tradition.

STUDENT CONDUCT STANDARDS

A student enrolling in the University assumes an obligation to conduct him/herself in a manner compatible with the University's function as an educational institution. Students who attend functions, on or off campus, as official representatives are expected to adhere to the provisions of this code. Normally misconduct of the following nature is subject to disciplinary action and/or civil and criminal penalties:

1. Dishonesty, such as cheating, plagiarism, or knowingly furnishing false or misleading information to University officials.
2. Forgery, alteration, or use of University documents, records or instruments of identification with intent to defraud. Identification cards used illegally will be confiscated, and violators — owners and possessors— will be subject to disciplinary action.
3. Action which disrupts or tends to disrupt teaching, research administration, judicial proceedings, or other University activities on or off University premises or which endangers or tends to endanger the safety, health or life of a person including, but not limited to, the following:
 - a. Physical or verbal abuse of any person;
 - b. Sexual assault of any person;
 - c. Hazing in any and all forms;
 - d. Disorderly conduct or loud, indecent or obscene conduct;
 - e. Turning in false fire alarms or tampering with fire equipment.
4. Action which damages or tends to damage public property or private property not one's own.
5. Appropriating for one's own use public or private property without the consent of the owner or the person legally responsible for that property.
6. Actions inconsistent with published rules relating to the use of campus buildings and other facilities.
7. Actions inconsistent with the mission statement of the University.
8. Failure to comply with directions of University officials acting in the performance of their duties. This includes failure to attend a fact-finding meeting or judicial hearing.
9. Possession of firearms (including B-B and pellet guns), swords, arrows, explosives, or any other weapons which are strictly forbidden in the residence halls, in vehicles on campus, or on any other University owned or operated property.
10. Violations of civil laws and University regulations concerning the possession and/or use of illegal drugs and alcoholic beverages.
11. Violations of Federal, State, and municipal laws or any other conduct not included above which adversely affects the function of the University and the pursuit of its educational purposes and objectives.

Violation of any of the standing rules of the residence halls, University regulations, or any conduct deemed to be such as to require the removal of the student from the residence hall for more than thirty (30) days shall be grounds for expulsion from school and termination of the room and board contract without refund. In case of such termination, the room deposit will be forfeited.

Violations of University policy and residence hall regulations are reviewed by the Chief Student Conduct Officer. Each student, along with the staff, has the right to make conduct referrals to the Chief Student Conduct Officer.

If the violations and/or violators are of such a nature that the Vice President for Student Experience determines the person who has violated policies is of danger to other students or disruptive enough to the University environment, s/he may immediately remove the person from campus until such a time as a conduct hearing may be scheduled. As required by the Family Educational Rights and Privacy Act (FERPA) of 1974, the University cannot disclose a student's education records without the written consent of a student. However, the University will disclose information to parents/guardians/emergency contact, without written consent from the student, when notification is determined to be necessary to protect the health or safety of the student or others. This notification may occur due to a medical emergency, an incident of imminent danger or another situation in which the Vice-President for Student Experience deems such action necessary.

CONDUCT SYSTEM DESCRIPTION

Violations of Walsh University policies and procedures involving students will most often result in a fact-finding investigation. Accordingly, students either directly involved with the alleged violation and/or those students indirectly involved and able to provide information leading to the resolution of the case may receive a written “Notification of Hearing” from a University official(s). The written notification will contain a brief description of the alleged violation in which the student is required to attend a scheduled conduct appointment with the official (within five business days from the date of the summons) to discuss the conduct process, particulars of the charges, and resolve the allegations. This time frame may change in serious cases, at the discretion of the Chief Student Conduct Officer, Vice President for Student Experience or his/her designee.

CONDUCT REFERRAL PROCESS

1. Incident Report Submission

Upon receipt of an incident report involving alleged violation of the Walsh University Student Code of Conduct, the Chief Conduct Officer (or his/her designee) will review evidence and gather information involving the matter to determine if formal university charges will be filed. Any member of the community may submit a University Incident Report. This includes, but is not limited to, students, employees, Campus Police, and Residence Life staff.

2. Referral to Student Conduct & Community Standards

A student will become involved with the student conduct process when university conduct charges have been issued involving alleged violation(s) of University policies. Walsh University has several types of student conduct meetings that are utilized depending upon the nature and severity of the reported incident or complaint. The Chief Student Conduct Officer, or his/ her designee, has the discretion to determine which format a hearing will take based upon the complexity of the case, the availability and type of evidence, conduct history and the sensitivity of the incident. All conduct processes aim to resolve cases impartially and treat all individuals involved with respect and objectivity.

3. Notification of Conduct Conference or Hearing

The respondent (the student facing the alleged violations) will be notified of the conduct charges and process through a written notification, which will be sent to the student’s on-campus residence, University mailbox, or communicated through the student’s Walsh University e-mail. The notification will include the following information:

- a. The date of the university report or complaint was made
- b. The University policies allegedly violated.
- c. The requirement to meet with a hearing officer to address the incident in question.
- d. The date, time and location of the hearing and contact information for the hearing officer.
- e. The need to be prepared to either accept or deny responsibility for the alleged violation(s).
- f. The procedures set to occur if the student chooses not to attend the conference or hearing.

A student’s failure to respond to a written summons notification is considered a serious violation in and of itself and such failure to respond will entail an automatic educational response. Should a student fail to respond or elect not to respond, the Hearing Officer will proceed with the case in the student’s absence. In such instances, decisions made regarding educational responses, Conduct Committee referral or other appropriate educational responses cannot be appealed and are not subject to arbitration. Cases involving extenuating circumstances (i.e. documented medical emergency) will be reviewed by the Chief Student Conduct Officer on a case-by-case basis.

CONDUCT CONFERENCE PROCESS

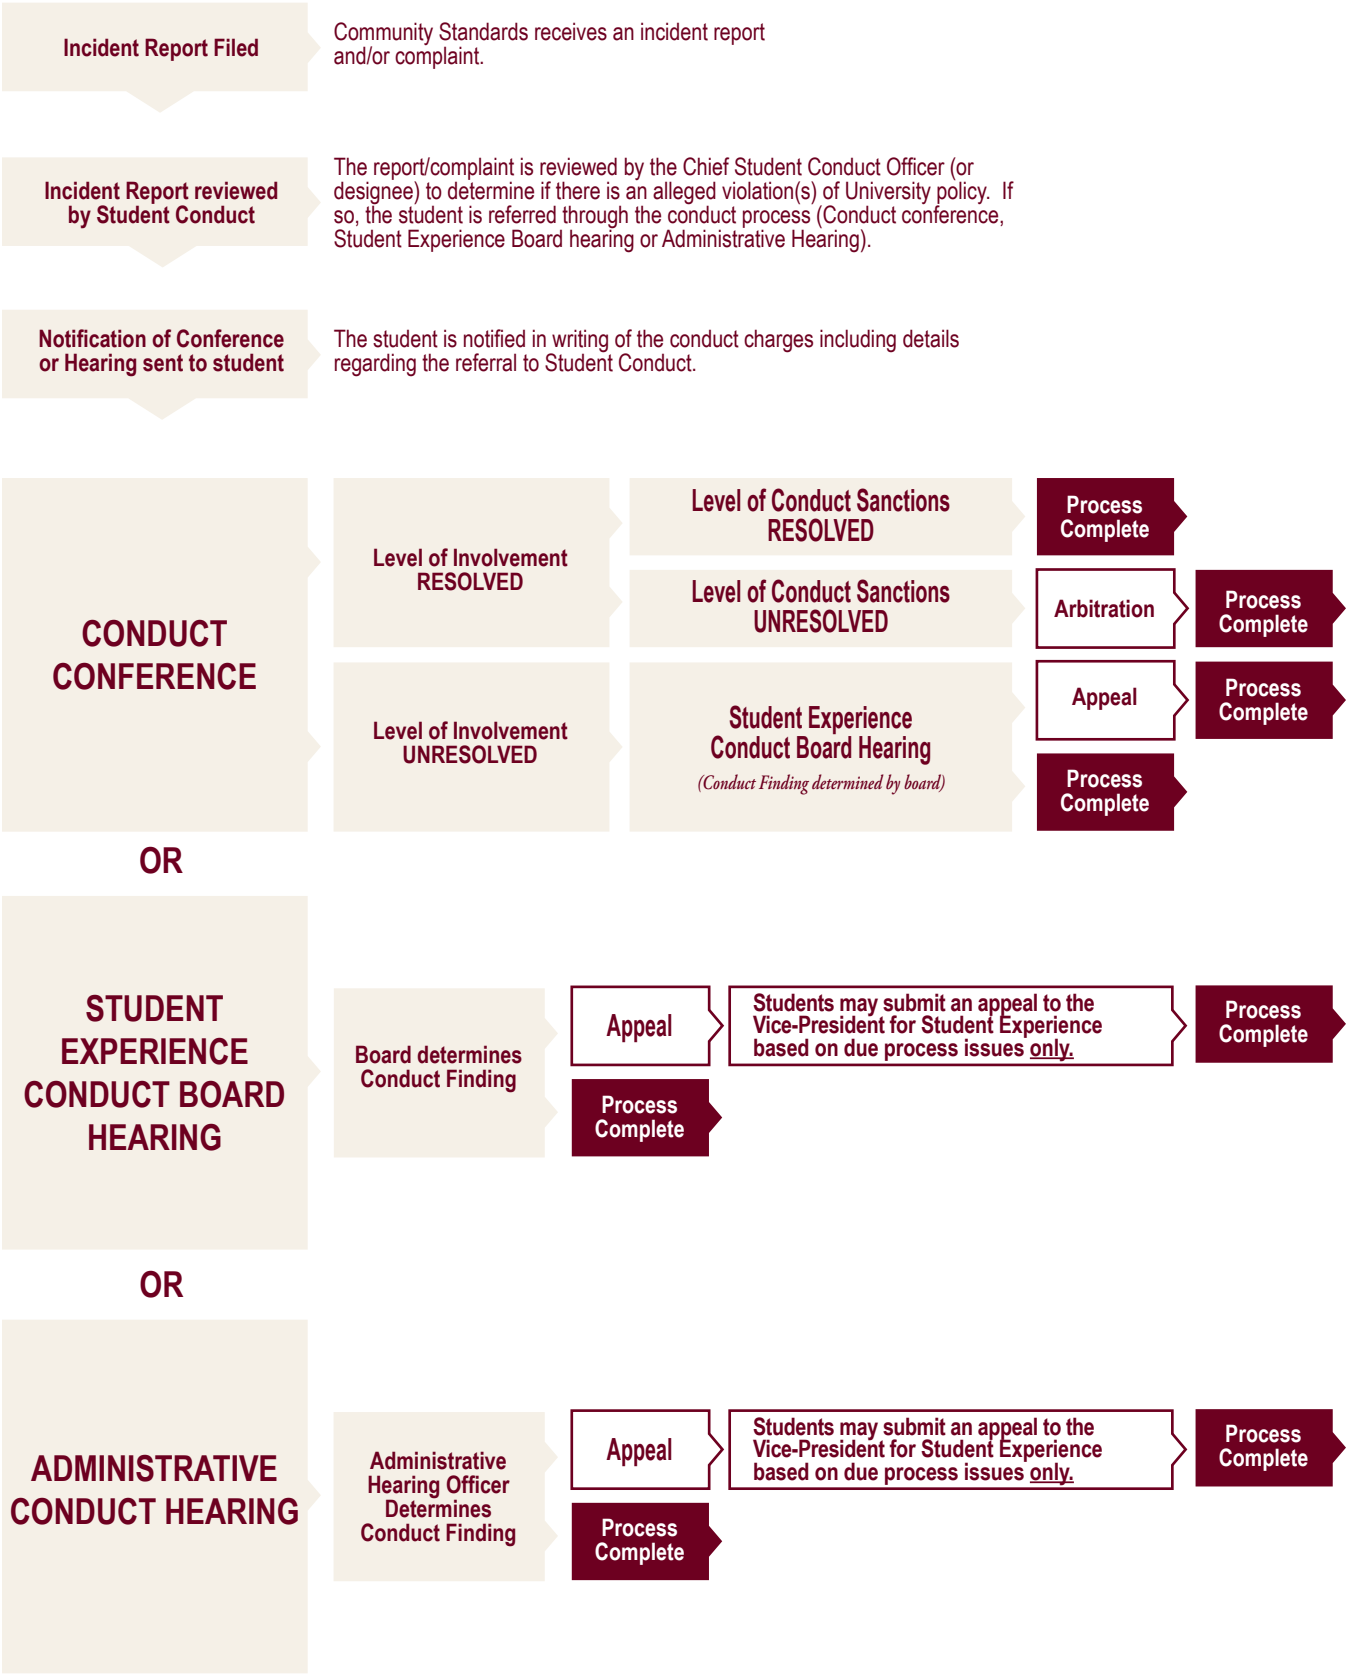

A Conduct Conference consists of an informal meeting between the respondent and a Student Conduct hearing officer. Conduct Conferences involve violations of University policy, including but not limited to, General Policies, Academic Policies, and or Residence Hall Community Standards. During the conference, the student will be provided information regarding the nature of the reported incident and have the opportunity to respond to the allegations and conduct charges.

Conduct Conference

The student has the opportunity to discuss his/her level of involvement in the incident with the Hearing Officer.

- a. If the student and the Hearing Officer agree on the level of involvement and educational responses, the student will sign a Conduct Agreement form.
- b. If an agreement on the level of involvement is not reached, the case will be referred to the Student Experience Conduct Board (see “Student Experience Conduct Board” section).
- c. If an agreement on the level of involvement is reached but an agreement is not reached on the educational responses, the student may elect to use the Arbitration process (see step 3).
- d. The Hearing Officer may, with any case, consult with the Chief Student Conduct Officer who, in his/her discretion, may determine that the case is best resolved by an Administrative Hearing or Conduct Committee and refer the case immediately to that entity. This will most likely occur with cases of a serious nature, repeat offenders, or students already assigned educational responses.

CONDUCT PROCESS FLOW CHART

Arbitration

Arbitration is used as part of the conduct process when both the student and hearing officer agree on student’s level of involvement in an incident but do not agree on the conduct educational responses. In order to reach a resolution on the matter, both the student and the hearing officer must submit their own recommendation(s) for educational responses to the Chief Student Conduct Officer (or his/her designee) who will review and choose an appropriate course of action. The written recommendations, including any supporting materials and statements, must be received within three (3) business days from the date of the conduct conference. Should a recommendation not be provided within this time line, the Chief Student Conduct Officer (or his/her designee) will render a decision.

Upon receipt, the Chief Student Conduct Officer will review the submissions and select one party’s recommendations of conduct educational responses. This will hopefully encourage both the student and the hearing officer to be reasonable in their recommendations, knowing that if either offers a recommendation leaning toward an extreme (too harsh or too lenient) the recommendation will most likely be disregarded. If deemed necessary, or if requested by either party, the Chief Student Conduct Officer can schedule a meeting with either or both parties before rendering a decision. The final decision of the Chief Student Conduct Officer will be communicated to both parties and cannot be appealed.

Conduct Board

The Conduct Board may be used in the conduct process when the student and hearing officer cannot agree on the level of the student’s involvement in an incident. In these circumstances, the case is referred to the board adjudication. For additional information about the board, see the “Student Experience Conduct Board” section.

STUDENT EXPERIENCE CONDUCT BOARD

The Student Experience Conduct Board is comprised of students, employees who are trained in the Walsh University student conduct process and who are committed to improving awareness of values-based behaviors and increase student learning. The board is utilized to adjudicate cases that 1) have been referred from a Conduct Conference in instances when the student and Hearing Officer cannot agree on the student’s level of involvement in an incident, and 2) serious and/or repeated violations of university policy (as determined by the Chief Student Conduct Officer).

The membership of the Student Experience Conduct Board consists of one Student Experience staff member or the Conduct Hearing Officer, one Resident Assistant, two students and one faculty/staff member. The senior staff member shall serve as chairperson and will be a non-voting member of the board, except to break a tie. If the board cannot be assembled with the above representation, the Chief Student Conduct Officer or his/her designee will appoint members from the Walsh Community. The Chief Student Conduct Officer reserves the right to reassign Student Experience Conduct Board cases as an Administrative Hearing if the Conduct Board is unable to convene or the circumstances of the case warrant.

ADMINISTRATIVE HEARING

An administrative conduct hearing is a formal hearing conducted by the Chief Student Conduct Officer or his/her designee. Administrative Hearings are used in the conduct process for serious and/or repeated violation(s) of university policy and at the discretion of the Chief Student Conduct Officer. The Chief Student Conduct Officer or his or her designee will conduct the hearing with the student and review all of the information to make a determination of responsibility, and assign or recommend the appropriate disciplinary action.

ADMINISTRATIVE AND BOARD HEARING PROCEDURES Pre-Hearing Conference

A pre-hearing conference may be held with the University official to review charges and to explain the hearing process. The student will be notified of the date, time and location of the hearing at least three (3) business days prior to the date of the hearing. Hearings will not be rescheduled due to work, athletic, or class conflicts. A letter verifying a student’s notification for a Conduct Board Hearing or Administrative Hearing is available upon request to the Chief Student Conduct Officer or his/her designee. Members of the Conduct Board shall assemble to hear the case.

1. The chairperson will read aloud the incident report(s) indicating violations of University policy.
2. The respondent will plea either “in violation” or “not in violation” regarding individual allegations.
3. All parties involved will have an opportunity to present information, witnesses, and ask and respond to questions.
4. The involved parties may present up to two character witnesses.
5. After the information has been presented, the Board will go into deliberation. Only members of the Board shall be present during deliberation and the disposition of the case. A representative of the Board may not sit as a member of that body if s/ he is involved in the case before the Board.
6. After deliberations are completed, the respondent will be asked to return to the hearing room where the chairperson will report and explain the decision of the Board.
7. Respondents are expected to answer questions regarding their role, or lack thereof, in the specific incident. If a student chooses not to answer a question, the Board and hearing officer will base a decision on all evidence and information available.

Advocates

The respondent may bring an advocate from the University community to assist him/her in the hearing process. An advocate is defined as a faculty or staff member at Walsh University. An advocate may assist the respondent in planning his/her defense and may sit next to the respondent during the hearing. An advocate cannot speak for the respondent during the hearing but can speak to the respondent, reminding him/her of pertinent questions to be asked. An advocate may also be present after the hearing when the chairperson explains the respondent’s options and processes the hearing results. Students who wish to have an advocate present during their hearing must make prior arrangements with the Chairperson of the Board.

Conduct Hearings and the Criminal Process

It should be remembered that Walsh has an obligation to uphold the laws of the larger community of which it is a part. While the activities covered by the laws of the larger community and those covered by the University’s policies may overlap, it is important to note that the community’s laws and the University’s policies operate independently and that they do not substitute for each other. The University may pursue enforcement of its own policies whether or not legal proceedings are underway or imminent, and may use information from third party sources, such as law enforcement agencies and the courts, to determine whether University policies have been violated. In a criminal case, “beyond a reasonable doubt” is the standard of proof used by the courts. In a judicial hearing, whether a student has violated a policy or not is established by a “preponderance of evidence.” Therefore, if a prosecutor decides not to file a case in criminal court, it is still very possible that the student might be found responsible at the judicial hearing where the standard of proof is less stringent.

Standard of Proof

“Preponderance of the Evidence” is the standard of proof the University uses to determine whether a student is responsible for a violation. This means that students will be held responsible for a violation of the Student Conduct Code if it is more likely than not that the violation has occurred. In a criminal case, “beyond a reasonable doubt” is the standard of proof used by the courts. Therefore, if a prosecutor decides not to file a case in criminal court, it is still very possible that the student might be found responsible at the student conduct hearing where the standard of proof is less stringent.

Legal Counsel

Respondent’s who have concurrent criminal charges pending against them may be permitted to consult with legal counsel during their conduct hearing. This requires approval by the Vice President for the Student Experience or his/her designee of a formal written request by the respondent. However, the role of the counsel is limited to consultation only with the respondent. Counsel is not permitted to speak during the hearing other than direct communication with the respondent. If counsel violates this policy, he/she will be removed from this and concurrent conduct hearings. The University reserves the right to have our legal Counsel present for any hearing. When the University counsel is present at a hearing involving a respondent where concurrent criminal charges are not pending, the respondent will be granted permission to representation by legal counsel as well.

Restorative Justice

To further support the mission of Student Conduct and Community Standards at Walsh University, we provide Restorative Justice processes for students. Restorative justice practices promote the following:

- Encouraging students to take responsibility for harm that has been caused to an individual and/or community.
- Empowering harmed parties to confront issues that have occurred as well as individuals who may have caused harm.
- Encouraging campus members to take ownership of problems in their community, further demonstrating a culture of responsibility and accountability.

The Student Conduct and Community Standards office will offer restorative justice practices as supplemental outcomes within traditional conduct conferences and hearings as well as non-disciplinary resolution options, when appropriate, and as determined by the Chief Student Conduct Officer.

Restorative Justice Referral Process

1. Incident Report Submission

Upon receipt of an incident report involving an alleged violation of the Walsh University Student Code of Conduct, the Chief Student Conduct Officer (or his/her designee) will review evidence and gather information involving the matter to determine if formal university charges will be filed. Any member of the community may submit a University Incident Report. This includes, but is not limited to, students, employees, Campus Police, and Residence Life staff.

2. Notification of Restorative Dialogue/Circle Opportunity

Dependent on the type and/or level of the violation, complexity of the case, level of harm done, and impact to the community, the respondent(s) and any harmed parties are notified of an opportunity to participate in a Restorative Dialogue or Circle. Participation in Restorative Dialogues/Circles are always voluntary. All parties must willingly agree to attend. The Respondent must have previously accepted responsibility for the behavior in question for a restorative Dialogue/Circle to occur. Co-facilitators will conduct pre-circle meetings with major stakeholders to gather information that will inform the design of the circle. During the circle, all parties will be asked to respond to a series of prompts aimed at highlighting group concerns and resolutions.

Referrals that may be appropriate for Restorative Dialogues/Circles include community expectations around bias-related language and behavior, resolving interpersonal or intragroup conflict, and community approaches to addressing disruptions or violations of community standards.

What is a Restorative Dialogue?

Restorative Dialogue brings together a victim and offender (referred to as the harmed party and respondent in restorative language) to have a facilitated conversation about the incident of harm. Prior to having the Dialogue, a facilitator meets individually with the victim and offender to hear their stories and to explain the process and what to expect. The facilitator puts special care into making sure that the harmed party is safe throughout the process and ensuring that this is a voluntary process for both parties.

What is a Restorative Circle?

A Restorative Circle is a restorative process that brings together people who have been impacted by an incident of harm to promote accountability, understanding, and healing. Circles include a harmed party and a respondent, any impacted family and support persons for the victim and offender, and community members when applicable.

A Restorative Circle is held by trained Circle Keepers who first meet individually with those impacted by the harm to explain the Circle process and to hear the story of each participant.

Who’s involved in a Circle?

- Respondent/Responsible Parties—the individuals whose actions have harmed others and/or the community.
- Harmed Parties—those who were directly harmed by the respondents’ actions.
- Affected Parties—others who consider themselves or their community to have been harmed by the actions of the respondents.
- Supporting Parties—friends or family of either the respondents or the affected parties* (if appropriate and as determined by the Chief Student Conduct Officer).
- Facilitators—trained Walsh University staff who facilitate the Circle.

What takes place at a Circle?

Each person introduces themselves and their relationship within the Circle. Responsible Parties share what happened before, during, and after the incident, and how they feel about what happened.

Affected Parties and Impacted Parties share what happened before, during, and after the incident, how they feel about what happened, and any questions they have. Supporting Parties are invited to share any thoughts or feelings about what they’ve heard. Facilitators will ask questions to help guide the process. Facilitators are multipartial, rather than impartial: they are committed to supporting and assisting all parties in helping each person tell their story. Once everyone has spoken, the group will brainstorm a list of options for repairing the harm done. Choosing from the list, the group decides which options could best repair the harm and that address the most important issues. If the group chooses to create a written Agreement, the facilitators will record the options chosen and compile the Agreement, which is signed by all parties. The Facilitators provide formal closure to the Circle. Participants are encouraged to contact OSCR with any concerns about non-compliance.

What are the benefits of using Circles to resolve complaints?

Rather than focusing on what policies have been violated, Circles instead help identify who has been harmed and what must be done to repair the harm.

In a Circle, all parties work together to develop an agreement that resolves the issue. All parties must assent in order for agreement to be reached. The goal is for all parties to leave the Circle process feeling satisfied about both the process and the outcome.

Circles help responsible parties restore their standing in their communities and repair any relationships that were damaged by their actions.

Circles provide impacted parties a safe, facilitated space to tell the Respondent how their actions cause harm. Impacted parties play an active part in deciding how the Respondent can best repair the harm done.

For complaints that may also constitute violations of the Student Conduct policy, successful resolutions using Restorative Dialogue/Circles means that the Respondent does not incur a disciplinary record. Appropriate Documentation of the resolution is kept on file for tracking purposes.

3. Resolution Agreement or Referral to Traditional Conduct Process

If a resolution is agreed upon by the respondent and harmed parties, a Resolution Agreement is created that details the terms and actions for resolving the conflict. The facilitator works with the parties involved to ensure that each expectation is met. In the event that a resolution is not met through the restorative Dialogue or Circle, the student conduct process will resume, and a formal hearing will be scheduled to determine disciplinary actions.

Training for restorative Dialogue/Circle facilitators is provided by the Office of Student Conduct. Please contact the Office of Student Conduct and Community Standards at 330-490-7538 for more information regarding Restorative Justice practices that apply to student conduct.

Appeals

The student respondent will be informed of his or her right to appeal the decision of the Student Experience Conduct Board to the Vice President for the Student Experience. Such an appeal must be submitted in writing within three (3) business days of the Board's decision. Grounds for the appeal must be contained in the appeal request and must be based only on due process issues:

- The respondent was not notified of the conduct charges,
- The respondent was not provided with an opportunity to respond to the conduct charges,
- The respondent was not advised of the university conduct process and procedures,
- Discovery of substantial new evidence that was unavailable at the time of the hearing and which reasonably could have affected the decision of the hearing body,
- The decision(s) was reached through a procedure not in accordance with the Student Code of Conduct, and/or
- The educational response(s) imposed were not appropriate for the conduct violation for which the respondent(s) was found responsible.

During the appeal review, educational responses may be held in abeyance at the discretion of the Vice President. The Vice President shall make a determination of the appeal within seven (7) business days of receipt of the appeal. The Vice President's decision is final. In a case where the Board is recommending suspension or expulsion, an appeal can be made to the Vice President as stated above. The Vice President's decision is final. If the Board recommends that a student be suspended or expelled from the University, the Board will make this recommendation to the Vice President. In such a case, the Vice President's decision is final.

Victim's Rights

To encourage reporting of violations and to ensure fairness to victims throughout the conduct process, the University establishes the following victim's rights:

- The right of a victim to have a person of his/her choice accompany him/her throughout a conduct hearing.
- The right to remain present during the entire conduct proceeding (except during deliberations).
- The right, as established in state criminal codes, not to have irrelevant past history (such as sexual history) discussed during a judicial hearing.
- The right to make a "victim impact statement."
- The right to be informed of the outcome of a conduct hearing.
- The right to a fair and timely way to determine alternative living arrangements if the victim and the accused live in the same hall or within close proximity of one another.

STUDENT CONDUCT RECORDS

The Student Conduct office maintains all student conduct files (paper and electronic formats) for matters involving code of conduct violations. Files are maintained separate from academic transcripts, but are considered educational records subject to the federal Family Educational Rights and Privacy Act (FERPA) and University policy. A student requesting to view his or her conduct file should contact the Student Conduct office to schedule an appointment. Federal law requires that the requested file be reviewed and information on any other student be redacted. The requesting student will be permitted to view his or her prepared file, but will not be allowed to copy, take pictures, or otherwise record the documents. Students requesting the release of conduct record information to any third party must complete a release form through Student Conduct & Community Standards. Due to federally mandated FERPA law, Student Conduct is not permitted to share information about a student's conduct record without the student's permission.

Record Retention

1. Student Conduct files will be maintained for a period of no less than seven years following the most recent finding of a violation. Students may request their contact file to be retained beyond the seven-year period by submitted a request to the Chief Student Conduct Officer.
2. Student Conduct files of students who have been dismissed from the University will be kept indefinitely.
3. The University will retain, as necessary, appropriate statistical information related to policy violations in order to comply with legislative reporting requirements.

DISCIPLINARY ACTIONS

If a student is found responsible for violation(s) of Walsh University policies, disciplinary action will be taken. Infractions will lead to educational responses ranging from positive actions, University warnings, loss of privileges to expulsion. Walsh University's Office of Student Conduct & Community Standards is committed to fostering student development by promoting responsible decision-making, personal accountability, core values, and continuous growth. The descriptions provided below are intended to inform students of the range of possible consequences for violating the student code of conduct. In each case, factors such as the gravity of the incident, the motivation for underlying behavior, the student's conduct history, and precedent in similar cases will be considered with determining the appropriation disciplinary action(s).

1. Education & Reflection

Education and reflection programs are designed to help engage students in a positive learning experience at Walsh University. These programs provide an opportunity to further educate students about the impact their behaviors have on themselves and members of the community. Furthermore, students are able to reflect on their behaviors, choices, and values in order to critically examine how they can make better decisions in similar circumstances.

This type of disciplinary action may include, but is not limited to, engaging in a campus or community service, attending or presenting a program related to the implications of the students' conduct, writing a reflection or research paper, conducting interviews, or engaging in some type of personal assessment, mediation, advising, or counseling. The student will be responsible for any costs associated with referral to external offices.

2. University Warning

A University Warning is a formal, written notification that the behavior(s) is inappropriate and violates the basic social conduct policies set forth in the Walsh University Student Handbook. A University Warning is issued by the Hearing Officer after the policy and expectations have been reviewed with the student during the judicial conference.

3. Restitution

Restitution requires a student to pay for damages, destruction and/or loss of University property, property of members of the University community, or of visitors to Walsh University. The amount of restitution is dependent on the extent of damage/loss as well as what is determined to be the most appropriate method for repayment. The amount, form, and method of payment for restitution is determined by the Hearing Officer.

4. Fines

For some violations, fines may be imposed by the University. Any fines collected will be used to support educational programming for students. Delinquent fines may be assigned to the student's billing statement. The following is a summary of infractions that will incur an immediate and automatic fine:

5. Community Probation

Community probation is a formal notice to the student that he/she has demonstrated a continued unwillingness to respect the rights and privileges of community membership either on or off campus. This is an action that calls for the separation of the student from the community for a fixed period of the time. Community probation may include, but is not limited to, days/times when the student is not permitted to be on campus grounds and/or University sponsored events; restrictions on access to certain facilities; prohibition from attendance at social events; etc.

Removal from campus will be for a period not to exceed 30 days for those who are required to live in the residence hall. Upon the hearing officer's recommendation (in consultation with the Chief Student Conduct Officer and/or Vice President for the Student Experience), students may be able to serve the required time consecutively or over weekends. Any removal that exceeds 30 days will result in a recommendation to the Vice President for the Student Experience that the student be suspended or expelled from Walsh University.

6. Residence Hall Reassignment

A responsible living environment in the residence halls requires all members of the community to respect one another's rights for safety, security, and personal space. Serious disruption of, or continued disregard for, the hall community can lead to removal from that community. This action involves moving a student out of his/her assigned room, hall/wing, or building for a specific period of time or permanently.

7. University Probation

University probation is a formal notice to the student that the behavior(s) in question is unacceptable and that, if continued or if other inappropriate behavior follows, more severe action may be taken, including possible suspension or expulsion from Walsh University. University probation is for a specific period of time and can include, but is not limited to, such restrictions as denial of the opportunity to participate in extra-curricular activities or events, to participate and/or perform in the name of the University, to serve as an officer of a student organization, or to reside in University housing. Additionally, students who have been placed on University probation for a period of more than 16 weeks will be limited in the options they may have for housing for the following year a determined by the Hearing Officer in consultation with the Chief Student Conduct Officer.

8. Suspension

Suspension from Walsh University involves the exclusion of the student from participation in any academic and/or other extracurricular activities of the University for a specified period of time and may include prohibiting the student from being on University premises. Suspension during a semester in progress will result in the student being immediately withdrawn from all registered classes and the application of any financial responsibilities. The University reserves the right to place a student on Interim-Suspension until an outcome is reached through the judicial process.

9. Expulsion

Expulsion is a serious University disciplinary action and involves the permanent exclusion of the student from Walsh University. This action also includes being indefinitely prohibited from being on the campus and all University owned or controlled properties. Expulsion during a semester in progress will result in the student being immediately withdrawn from all registered classes and the application of any financial responsibilities. An expelled student is not eligible for re-admission to Walsh University.

DISCIPLINARY LEVELS

Student Conduct & Community Standards at Walsh is based on a series of “Levels.” The University strongly recommends that all students become familiar with this system and its operation. The basic premise is that students place themselves on a “Level” by their behavior. The residential communities at Walsh University are dedicated to the holistic development of our students – mind, body, and spirit. As a member of our community you have a unique opportunity to benefit from a vibrant learning environment and a responsibility to make positive and supportive contributions to your fellow community members. Walsh University expects all resident students and guests to comply with community standards as well as uphold the mission of Walsh University and Residence Life.

RESIDENCE HALL POLICIES

Beds/Lofts

Suspending beds (including hammocks) from the ceiling is strictly prohibited in all residence halls. Violators will be asked to take beds down, pay for any damages which result, and may be referred to Student Conduct. All furniture in the room must continue to remain in the room unless approved for removal by Residence Life.

Check-In/Check-Out Policies

On the first day of occupancy, each student will receive electronic access to a Room Condition Report. This form is to be completed within the first 48-hours of check-in. Each student will be accountable for any deterioration of the room or its contents beyond normal wear and tear. If a student does not submit his/her Room Condition Report (RCR) by the designated check-in deadline, the student accepts full responsibility for the condition of the room as assessed at the end of the semester and/or academic year. In lieu of a report completed by the student, Residence Life office will have an administrative assessment done by hall staff that will be attributed to the student’s housing record.

At the end of the occupancy period, students are responsible for ensuring the room is properly cleaned and returned to the original set-up condition (as when checked in). This includes general cleanliness, furniture placement, etc. Failure to do so will result in the minimum of a fine. Residence Life will inspect the room for damages and make notations regarding the room condition on the Room Condition Report. The student must sign the Room Condition Report, return keys/swipe card along with the RCR to Residence Life for their check out to be considered complete. Failure to complete this process will result in additional charges for lost keys and incomplete check-out. Once all students are checked out, Residence Life will make a final inspection of all rooms for damages and may make alterations to the damage billing.

Cooking

Cooking in the residence halls is strictly regulated due to sanitary, electrical, and fire safety concerns as mentioned in the associated policies. Food preparation must occur using appliances with a reasonable safety standard as determined by the judgment of the Residence Life Staff in consultation with Facilities/Maintenance. Food must be properly stored to maintain sanitation and room cleanliness.

Damage Charges

Resident students are responsible for their environment and will be charged for any damages that result from improper care of their housing assignment, common areas, and facilities within their building. Damage charges will be made for expenses over and above those incurred by normal wear and tear. Room damages will be charged to those responsible whenever possible; otherwise, the charge will be divided equally between the occupants. Damages caused to community areas, (e.g. lobbies, corridors, study spaces, etc.) may be charged to residents of the damaged area unless the responsible parties are identified. Each resident should report all damage to his/her Resident Assistant immediately.

Residence Life will provide students with a summary of incurred damage charges within 30-days of checking out of the residence halls. Resident students are permitted to appeal residence hall damage charges within 15-days of the postage date listed on the Residence Life Damage Notification Letter. Appeals will not be accepted after the 15-day time frame or by individuals other than the resident student. All damage appeals must be based on factual information that clearly demonstrates the reasons the damage charge(s) are unwarranted. Residence Life will process and investigate the written appeal and respond via Walsh email. If the appeal has been approved, Residence Life will adjust the student’s account to reflect any changes. All decisions rendered are final.

Decorations

Students are encouraged to use good judgment when attaching materials to walls. Sticky tack or putty may be used to attach decorations to walls. Items are not permitted to be hung from the ceiling or any fire protection or suppressant device. 2. If a Request for Housing Release is submitted by the applicable term deadline (as outlined above in “Residency Requirement Release Process” section) the \$200 housing deposit can be refunded to the student (minus any residence hall damage or other applicable housing charges), and will be applied to the student’s University account.
3. If an official University Withdrawal Form is submitted to the university by the fifth (5th) business day of the first academic term (Fall I or Spring I), the \$200 housing deposit can be refunded to the student (minus any residence hall damage or other applicable housing charges), and will be applied to the student’s University account.
4. Written requests to be released from the university housing contract for incoming/new students must be submitted by May 1st annually.
5. Any requests to be released from the university housing contract after the aforementioned deadlines, will not be eligible for a Housing Deposit refund.
6. The Deposit Refund Policy schedule shall be applied to all housing contracts, regardless of the date this contract was entered into by the applicant.
7. No refunds shall be made when the student is required to leave the University for disciplinary and/or academic reasons.

Door Propping/Forced Entry

Residential students are responsible for helping to maintain a safe environment within the residential halls. All residential students are responsible for ensuring external entry/exit doors as well as apartment/room doors are properly closed, secured and locked. Propping any interior or exterior door is not permitted and is considered a breach of apartment/room and building security. Students found propping or forcing open any door will face immediate disciplinary action. The first offense will result in a \$100.00 fine and may include removal from the residence halls for a period not to exceed 30 days. Repeated offenses will face significant disciplinary action.

Residence Life, in consultation with Facilities/Maintenance, reserve the right to deny the use of any additional items that may pose an electrical and/or fire safety risk.

Furniture

Common area furniture and televisions are for everyone’s benefit, and are not to be removed from their designed areas. Removal will result in a minimum fine of \$100, per person and referral to Student Conduct. All furniture that is in your residence hall room or in your apartment/suite when you arrive must remain in that space.

Resident students are not allowed to alter their suite into a living room/bedroom setup. This means that residents cannot move additional beds into one room of the suite. Each room must contain all of the necessary furniture for that room (beds, dressers and desks). To ensure student safety, resident students are not permitted to place beds (lowered or lofted) against bedroom windows. Additionally, ensure student safety, resident students are not permitted to place beds (lowered or lofted) against bedroom windows. This policy is designed to reduce damage to the furniture, walls, and carpet and to alleviate the occurrence of a variety of disputes among roommates sharing a living environment.

GUEST POLICY

Walsh University strives to maintain the safety, privacy and community atmosphere of the residence halls which reflects Catholic, Christian values. The guest policy exists to help students maintain a living environment that supports academic success and personal well-being. Resident students are permitted to invite guests into the residence halls as long as consideration is given to the rights of roommates, suitemates, and community members. All guests are expected to comply with university policies and community standards.

All residence hall guests are the responsibility of the resident who invited and/or admitted that guest into the building. A guest is defined as any individual who is not a contracted resident of the specific residence hall, floor or room in question. Campus guests must be escorted at all times by a resident of the building Un-escorted guests will be asked to leave the building and may be subjecting themselves, and the person who admitted them into the building, to judicial action.

Residents allowing random guests into a building are putting themselves and others at risk. Allowing any guest into the building means that person automatically becomes your guest, and, therefore, your responsibility for escorting the guest at all times. This includes allowing campus guests to follow you into the building through the door you opened for yourself or through one that is propped open.

Those freely allowing guests into a residence (those that are not their guests) are subjecting themselves to serious disciplinary action and possible removal from on campus living, without refund of fees.

Residence Hall Guest Registration

Guests visiting the residence halls between 8:30 p.m.–8:00 a.m. must be registered with Residence Life. The host must complete a Residence Hall Guest Registration form at walsh.erezlife.com

Upon registering, the host and guest will receive a Guest Verification Form. The guest is required to have the Guest Verification Form on their person at all times (with a valid form of identification). Approved guests will also obtain a residence hall guest parking permit from the hall office during the visitation periods. Residence hall guests are required to park in lots O & P (behind the residence halls).

Residence Hall Guest Guidelines:

All guests must comply with university policies and regulations.

- All guests must have a valid form of identification (i.e. driver’s license or state ID) on their person at all times.
- Overnight guests of the same sex as their host are permitted to reside in the room of their host. Overnight guest of the opposite sex as their host will need to secure a host of the same sex.
- Only two (2) guests per resident are permitted. Guests cannot stay for more than three (3) consecutive nights at any given time not to exceed five (5) nights per semester.
- The host is responsible for the behavior and/or actions of his/her guest.

For health and safety reasons, the University reserves the right to limit the number of guests per building or to address situations in which a guest is utilizing this privilege for the purpose of temporary residency. Additionally, guest may be asked to leave the campus if s/he fails to present valid identification or for behaviors that are in violation of University policies and or the mission or Walsh University. Violation of this policy will result in disciplinary action.

Residence Hall Guest Restriction Policy

The University reserves that right to temporarily suspend or terminated the Guest Policy to ensure the safety and health of residential students. In the event that guests are not permitted in the residence halls, signage will be posted regarding this restriction. Additionally, during this time, residential students will still be permitted to have essential items delivered to campus, picked up from/dropped off to campus, provided that the guest(s) remain outside of the residence halls at all times

GRILLS

Propane grills are not allowed in the residence halls under any circumstances. Students may use charcoal grills for cooking, provided these grills are situated at least 15 feet away from any residential building and reasonable safety measures are used while grilling. Charcoal grills may not be used/stored for cooking in student rooms. This includes the balcony areas of the University Apartments.

KEYS/KEY CARDS

The reproduction of University keys by anyone other than University personnel is a violation of University policy. The possession or use of unauthorized or stolen keys and/or key cards will be grounds for judicial action, including removal from the residence halls. Confiscated non-University-made keys will lead to lock changes and the resulting charges. Lost keys and key cards should be reported immediately. The student is financially responsible for replacement of keys and/or key cards and core unless it can be verified that the keys were stolen.

LOCK-OUT POLICY

If a resident locks themselves out of their room or apartment they should first contact their roommate(s) to gain entry. If he/she is unable to reach their roommate(s), then they may contact a Residence Life staff member. Campus Police is not the primary contact for this service. Students should contact their RA or Residence Life Professional Staff. In the event that Campus Police does perform a lock out, there is still a charge for this service.

The student will be required to show his/her Walsh University ID before being provided access to a room to ensure the safety and security of all residents. The students will also be required to produce his/her room key/keycard upon entry to the room, or a lock change (at the student’s expense) may be ordered by the Hall Director. All lock-out charges will be posted to the students account. Lock-out charges (per academic year):

First Lock-Out No Charge

All Additional Lock-Outs \$5.00

MUSICAL INSTRUMENTS

Musical instruments are permitted in the residence halls, but must comply with all courtesy and quiet hour policies. Students who need to practice their music are required to use designated rehearsal space in the Birk Center for the Arts.

OCCUPANCY OF HALLS

Dates and times that residents may occupy the residence halls are determined by the Residence Life office and align with the university undergraduate calendar. Specific times will be communicated to all residents. The residence period for each semester usually begins one day prior to the first day of class and usually ends 24 hours after a student’s last final or on the last day of final exams, whichever occurs first. Permission from the Residence Life office must be obtained for any student requesting to arrive before or stay after the above times, including commencement.

The residence halls will be closed during all official University break periods (winter and spring breaks). A student’s room may not, at any time, be used by anyone other than the resident(s) to whom it is contractually assigned. The University reserves the right to alter room and hall assignments when deemed necessary.

PRACTICAL JOKES

Individual or group behavior which leads to actual or potential damage, harassment, accident, or injury to University or personal property is not permitted. Students who engage in such behavior will be expected to assume responsibility for restoration of any University or personal property damaged or compromised as a result of this activity.

PRIVACY AND VISITATION

Walsh University ascribes to the belief that students, by agreeing to live in residence hall communities, support the mission and values of a Catholic institution. Personal conduct and behavior should be reflective of the character of Christian men and women. As a Catholic university, Walsh believes the complete and genuine expression of love through sex requires the commitment to marriage. Therefore, premarital sex is in no way condoned, and the privacy and visitation and cohabitation policy is, in part, guided by that value. Privacy hours are times when students can expect their personal areas of residence to be free from members of the opposite sex and/or other visitors (regardless of sex) that may significantly reduce the opportunity for privacy within that residential space. Personal areas are defined as individual bedrooms, shared space within a student’s room/apartment and hallways/ corridors on residential floors.

- Privacy Hours are: Sunday – Thursday nights 11:59pm – 8:00am
Friday – Saturday nights 1:00am – 8:00am

Roommates and suitemates should always discuss the rules that will govern how they operate within the room and suite within the guides of the University’s policies. The wishes of roommates/suitemates desiring privacy within their room should generally be prioritized over those of a roommate desiring to entertain visitors. Roommate Agreements will be completed within the first two weeks of the academic year and reviewed periodically by the residents of a room. All roommates have the right to:

- personal privacy,
- undisturbed sleep in one’s room without noise caused by roommates or guests,
- free access to one’s room and its facilities without pressure or interference from roommates

If a student is experiencing difficulties regarding privacy and visitation, they are encouraged to seek the assistance of their Resident Assistants (RA) and/or Residence Life Professional Staff.

Residents wanting to visit with students and/or guests of the opposite sex may do so in the common areas of the residence hall. Common areas are defined as lobbies, TV lounges, and study rooms. Residential students requesting to have an overnight guest of the opposite sex are required to make arrangements with another residential student (the same sex as the guest) to serve as the overnight host. The resident student host will be required to register the overnight guest with Residence Life (see Guest Policy).

Cohabitation

Cohabitation is not permitted in the University residence halls under any circumstance. Cohabitation is defined as any excessive and/or extended visitation that disrupts the living environment or violates Walsh University social conduct standards. This policy applies to a student's friends, partner, and/or guests to the residence halls. Students that violate the cohabitation policy will face serious disciplinary action (including fines) and may be reassigned to new housing placement. Exceptions to the privacy policy include:

- Siblings are permitted to stay overnight during “Siblings’ Weekend”, provided that they are registered as guests, and are approved by all roommates/suitemates.
- Student and professional hall staff, while functioning as Resident Assistants or hall staff, are permitted in residence areas of the opposite sex and are permitted to have students/staff in their own rooms during closed privacy hours when deemed necessary to perform their assigned responsibilities.

QUIET HOURS

As a guideline, during quiet hours, noise from your room should not be heard approximately three residence hall doors away (or an approximation of that distance) beyond your immediate housing assignment.

- Quiet Hours are: Sunday – Thursday 11:00pm – 8:00am
Friday – Saturday 1:00am – 8:00am
- During exam week, quiet hours will be extended to twenty-four (24) hours a day.

Regardless of the time of day, the residence halls have 24-hour courtesy hours. Excessive noise, including loud stereos, is unacceptable. Residents are also responsible to ensure their noise violations do not exceed appropriate levels in common areas and University parking lots. Priorities must be established which promote an environment conducive to social responsibilities and academic achievement. For this reason, students are expected to respond to the requests of fellow students when their behavior is noisy, disruptive or otherwise fails to recognize these priorities. Failure to respond to these requests will result in disciplinary action.

ROOM & ROOMMATE CHANGES

Room and roommate changes are generally discouraged but may be approved when necessary. Residents are expected to first make a sincere effort to resolve any conflicts. If the issue cannot be resolved, the resident should speak with their Resident Assistant (RA), who will help explore possible solutions. If a room change still appears necessary, the resident and RA must consult with the Hall Director. The Hall Director will determine whether a room change is appropriate. Room changes are not permitted during the first two weeks of any semester. Additionally, room changes are only allowed during designated times, and availability is subject to occupancy and space demands. Residents may be asked to submit a written explanation of the situation, including steps taken to resolve the issue. All parties directly affected by the change must be included in the communication process, unless an exception is approved by the Hall Director. The Office of Residence Life reserves the right to approve, deny, or require a room change based on individual circumstances, space availability, and community needs. Procedures may be adjusted as necessary to meet campus housing demands.

ROOM ENTRY, INSPECTION, AND SEARCH

Room entry and/or inspections may be made at the discretion of authorized university personnel acting in performance of their duties. If a situation arises that is deemed as demanding an immediate entry and/or search, a University official may exercise that right. The University reserves the right to enter student rooms for the purpose of inspecting the premises when an authorized agent of the University has reasonable belief including, but not limited to, the following:

1. That a condition exists which constitutes a clear and present danger to health, safety or security.
2. That University property needs inspection.
3. That University property is damaged or vandalized.
4. That maintenance, sanitation, and/or repair is necessary.
5. That a violation of federal, state, local law, and/or university regulations is occurring.

It is a reasonable and lawful request for staff to ask residents to open room/apartment doors in any situation. Failure to comply with the request is a violation of university policy. Students should be aware that upon entry and/or inspection of a residence hall room/apartment, anything visible from outside of the residence is considered observed in plain sight and is not subject to the requirements of the Authorized Room Search policy. “Plain sight” is meant to include evidence that is readily apparent through sight, sound, smell, touch or similar means.

Break Period Inspections

University staff has the responsibility to respond to situations, including emergencies, which threaten the wellbeing of students or University property. In addition, resident students should expect room inspections to occur during break periods. This policy enables staff to pursue violations of University policy and complete maintenance responsibilities.

Student-Lead Inspection

Authorized agents of the University reserve the right to request the occupant(s) of a room to complete a student-lead inspection of a room. If the student provides permission for the staff person to participate in a student-lead inspection, the student will facilitate access to his/her secured belongings, assigned furnishings and room/apartment common areas spaces. If the student cannot be located to request a student-lead inspection, an authorized room search may be pursued.

Authorized Room Search

University officials may request the student to agree to a full room search. In these cases, a student is only permitted to provide access to his/her personal belongings, assigned furnishings, and room/apartment common areas. If a student declines the request for a full room search, all individuals will be escorted from the room/apartment pending the responding staff's communication with the Vice-President for the Student Experience or his/her designee. A room search authorization may be obtained from the Vice President for the Student Experience or his/her designee. Upon review of the information presented by the responding staff members, a full room search (beyond plain sight) may or may not be authorized. When appropriate, the University will not search a student's room unless accompanied by the occupant or their authorized representative. If a situation arises that is deemed as demanding an immediate entry and/or search, a University official may exercise that right.

SPORTS/GAMES

Students are not permitted to engage in any kind of sport activity in the residence halls that involves use of a ball or any device that if hit, swung, or thrown, would cause risk of harming others or property, i.e. dribbling basketballs, playing golf, throwing a frisbee, etc. This behavior can present a significant health and safety concern, as well as impact the environment for other students.

TRASH DISPOSAL

To ensure university health and safety standards, students living in the residence halls are expected to properly discard trash materials from their residence hall room/apartment. Trash bags from rooms are not to be discarded in or around trash cans found in hallways or common areas. Students residing in the University Apartments are not permitted to discard trash on balconies and/or breezeways. Residents are responsible for discarding trash in any one of the following residence hall trash receptacles:

- University Apartments Dumpster (located west of Stein Hall)
- Residence Hall Parking Lot Dumpster (located southwest of Olivieri Towers)

Students found violating the Trash Disposal policy will be fined \$25.00 (per instance). Additionally, fines may be assigned as Community Damages for the residential community if perpetrators are not identified.

Students are also strongly encouraged to recycle discarded cardboard, plastic, and aluminum products in the recycle receptacles located south of Seanor Hall.

WINDOW DECORATIONS AND SCREENS

No signs, posters, pictures or other items may be displayed in or on the residential apartment or room windows in such a way that they are visible from outside the building, and should not hinder the view of emergency personnel in identifying the source of a fire. Furthermore, room window screens are not to be removed. Removing window screens or in any way changing or altering a room can be considered vandalism and may result in disciplinary action.

Fire

Take all fire alarms seriously! If you see smoke, please sound the fire alarm by pulling the nearest pull station. Regardless of the size of any fire — always pull the fire pull station to sound the alarm. Buildings are also equipped with smoke detectors that will also alert the occupants to evacuate.

Everyone is required to leave the building when the fire alarm is sounded! Immediately exit the building through the nearest exit. Before opening any door, please feel the door to ensure that it is not hot (indicating a fire on the other side of the door). Do not re-enter the building until you are directed to do so by University personnel.

Lightning

Take shelter immediately. Evacuate athletic fields and all open areas and seek shelter when lightning is visible, and remain in shelter for 20 minutes after last visible lightning. Campus Police has the final authority to make all judgment calls regarding evacuation and time frame for safe return to outdoor venues.

Tornado

Tornado Watch: The National Weather Service issues a tornado watch when tornadoes are possible in your area. Remain alert for approaching storms.

Tornado Warning: A tornado warning is issued when a tornado has been sighted or indicated by weather radar. Seek shelter immediately!

Never Sound the fire alarm to warn people of a tornado. People responding to the alarm would exit the building and be exposed outdoors, potentially worsening the situation.

WALSH EMERGENCY ALERT SYSTEM – WUALERT

The Walsh Emergency Alert communication system allows Walsh to send time-sensitive notifications via the Walsh University Emergency Alert System (voice messages, emails, and text messages). This system will be used only in the case of an emergency such as school closures, natural disasters or imminent threats. Please take a moment to review and update your phone numbers and email addresses online through the Cavalier Center at portal.walsh.edu.

Important Call Delivery Notes:

- 1. When you receive a call from the emergency alert system to your home phone, your caller ID will display WUAlert. For cell phones you will need to program the contact information. When you receive the initial test call, we encourage you to store and save the number under the contact name WUAlert for future reference.
- 2. For emails, the Email ID will be from Walsh Emergency Alert.
- 3. Text messages will come from 23177.
- 4. You will get an initial confirmation text message to ensure we’ve reached the correct text message device. This will also be your opportunity to “opt-out” of future text messaging alert broadcasts.
- 5. When listening to a message, please be aware that background noise will cause the system to “stop and start.” It is calibrated very delicately to determine whether a person or an answering machine has picked up the phone, and background noise may affect the delivery. If possible, move to a quiet area, or press the “mute” button on your phone.
- 6. If you missed any part of the message, please stay on the line and press “*” (star) to hear the message again.
- 7. Please be assured that all personal information will be maintained in the strictest confidence. Questions or feedback about this test or the emergency notification system may be directed to Student Experience at 330.490.7301 or stuaffairs@walsh.edu.

EMERGENCY CLOSING POLICY

It is important to remember that the University only closes for extreme conditions and circumstances. Walsh University usually remains open when area high schools and elementary schools close, as our population is comprised of adults, with a substantial portion residing on campus.

In the event of inclement weather and the university remains open, commuter students are requested to use their own judgment as to the safety of the highways in their specific area. Walsh faculty will work with students who have to miss a class for reasons related to unsafe driving conditions.

When, on the rare occasion, the university is forced to cancel all classes or close, every attempt is made to announce the decision by 6:00 a.m. for day classes and events and 3:30 p.m. for evening classes and events.

CRIME AWARENESS AND CAMPUS SECURITY ACT

Campus Sex Crimes Prevention Act

Walsh University continues to be committed to the safety and security of members of the Walsh community both on and off campus. STUDENT ACCESS TO COMPUTING RESOURCES

POLICIES AND PROCEDURES

All students may access certain computing resources provided by Walsh University. Students are those individuals registered for courses at Walsh’s main campus or regional campuses, whether they are campus residents or commuters.

Computing resources available to all students include:

- A personal e-mail account with limited storage of draft/sent/received e-mail messages;
- Limited personal data storage space for data files related to courses the student is registered for;
- Filtered access to the public Internet;

Student access to these computing resources may be available from computer labs on campus, from student residence rooms, or via the public Internet.

- Computer Labs on Campus - Walsh provides all required information technology.
- Student On-Campus Residences (residence halls) – Walsh provides connectivity to the Walsh internal data network via student- owned computers, which in turn allows access to available computing resources.
- Public Internet – Walsh provides student accessibility to available Walsh-managed computing resources via the public Internet from on or off-campus.

Students are responsible for familiarizing themselves with the services outlined in this document and the acceptable use of these services as outlined within the Acceptable Use of Walsh Managed Information Technology and the Student Use Guidelines.

STUDENT USE GUIDELINES

Student access to Walsh technology resources is a privilege granted to facilitate the student’s academic pursuit. Use of this privilege is defined in the following policies; abuse of the privilege represents grounds for their immediate revocation.

- The network connection provided to the student may not be shared with others. The student is responsible for all activity via this connection.
- The student is expected to take reasonable precautions against importing and spreading of computer viruses. The use of up-to-date software for virus detection and recovery is required, and is provided by the University free of charge. It is the student’s responsibility to install this software, although the Office of Information Technology Help Desk (4357) can provide assistance. Virus-related problems traced to a student computer will result in the computer being removed from the network until corrected.
- “Spy-ware” and “Ad-ware” are undesirable software that can cause significant performance problems on the student’s computer, and can also be a source of computer viruses. Programs can be downloaded or purchased from the internet to scan and remove current instances of such software, but this must be done on a regular basis. Call the Office of Information Technology Help Desk (4357) if assistance is required.
- The student will not take any deliberate action to cause interference to the network or the work of others. Such actions will be viewed as criminal activity under applicable state and federal laws, and will be reported to the appropriate authorities.
- “File Sharing” involves the download or upload of data files (typically audio or video) from/to other computers on the network, including the public internet. Downloading files is not illegal unless the file’s content is copyrighted, in which case permission to copy is required. It is the responsibility of the student to determine the copyright status of any specific file.
- Uploading files, also referred to as “outbound file sharing” is strictly prohibited and in many cases illegal. Such activity is highly disruptive to other activity on the network. Some file-sharing software automatically enables outbound file sharing, but it is the student’s responsibility to disable this feature. If necessary, the Office of Information Technology Help Desk (4357) can assist with disabling this feature.
- Any use of Walsh computing resources for illegal activities is prohibited.
- Students may not resell their network connection, operate a business, or use the connection for profit.
- Students may not use their network connection for solicitation, advertisement, or promotion of commercial services or products.
- Except for university-authorized research, the student may not use any form of electronic communications or data storage containing pornographic or otherwise offensive or harassing content, as defined by the University’s Discrimination Policy in the Student Handbook. The University maintains the right to filter such material from any network connection provided to Walsh students.
- The student may not attempt to hide or misrepresent his or her electronic identity on the Walsh data network.

- Except when authorized by the university, the student may not utilize any type of hardware or software that watches, examines and/or copies data flowing on any Walsh data network.
- The student may not duplicate copyrighted material without the expressed prior permission of the owner, except as permitted by “fair use” guidelines.
- Appeals by a student charged in violation of Walsh’s Acceptable Use Policy or Student Use Guidelines should be addressed to the Vice President for the Student Experience.

Student Access Procedures

Account Creation: Accounts for accessing the Walsh network, e-mail, and personal data storage will automatically be generated upon successful registration for a course at Walsh University.

Account Deletion

Upon graduation, students will retain their email accounts as Alumni as long as the student has logged in within a 12-month period.

Account Passwords

Passwords are required for accessing all Walsh computing resources. An initial password will be assigned to a new student account, after which the student will be required to change the password to something known only to the student. Customers are required to change their passwords every 90 days. No one from Walsh or any other reputable organization (banks, shopping sites, other e-mail sites, etc.) will EVER ask for your username or password under any circumstances. If this does happen, please contact the Office of Information Technology Help Desk at extension 4357 (HELP), 330.244.4357 or helpdesk@walsh.edu.

Walsh Network Access

The campus has complete wireless coverage and can be accessed by connecting to the appropriate student network. This network only provides internet connectivity.

Students desiring use of wired Walsh network connectivity from an on-campus student residence should execute the following procedure:

1. Plug the computer’s network interface wire into an unused wall-mounted network jack in the student’s residence room. Network interface card and wiring suggestions are available in the “Student Technology Services” section of the Student Handbook or from the Office of Information Technology Help Desk at extension 4357 (HELP), 330.244.4357 or helpdesk@walsh.edu.
2. Configure the computer’s operating system to turn on a feature called “DHCP”. This is necessary to automatically acquire a network address for the Walsh network. Procedures on how to accomplish this are available from the Office of Information Technology Help Desk, but only for the Microsoft Windows operating systems.
3. Upon the initial use of the student’s internet browser, registration information may be requested, and the computer may be scanned for currency of patch levels and anti-virus software. Simply follow the instructions on the web pages displayed. Any difficulties with this process should be forwarded to the Office of Information Technology Help Desk.

Residence Hall Technology Recommendations and Usage Standards

The Walsh University Office of Information Technology encourages students in our residence halls to bring computers with them. Students are responsible for making sure that their computer complies with the specifications listed below. Students are also responsible for familiarizing themselves with the services available to them in the section titled Student Access to Technology Resources and acceptable use of these services outlined within the section titled Acceptable Use of Walsh Managed Information Technology.

The following specifications are recommended for students that plan on connecting to the Walsh network within our residence halls.

- **Computer** – Any PC-compatible, Macintosh, Unix/Linux desktop or laptop.
- **Operating System** – Windows (7 or greater), Mac OS (release 7 or greater), Linux/Unix.
- **Network Interface Card (NIC)** – Any standard Ethernet network interface card should be acceptable.
- **Ethernet Patch Cable** – Cat5e patch cable of sufficient length to reach the network outlet (5’ to 30’ depending on how your room is arranged).
- **Internet Browser Software** – Any browser supported by your operating system (e.g. Internet Explorer, Google Chrome, Firefox, Safari, etc.).
- **Anti-Virus Software** – Walsh University does not provide anti-virus software to students. Anti-virus software must be installed and kept current. NO computer will be allowed on the network without an anti-virus software package installed. Contact the Office of Information Technology Help Desk for procedures on how to attain free anti-virus software.

The following connectivity rules apply to all residence halls.

- Walsh University provides High-Speed internet access from each residence hall room and authenticated wireless internet access within each residence hall.
- There will not be a separate fee charged to students for connection to and subsequent use of their respective residence hall room network outlet or residence hall wireless service. Damage to the room outlet or wireless access point determined to be through malicious intent or negligence will be billed to the student(s).
- Only one device may be connected to each network outlet. Network addressing information regarding the student’s computer will be captured automatically, and will be used for tracking purposes should the need arise.
- A non-Walsh wireless access point may not be attached to the Walsh University network.
- A student’s computer may not be configured to operate as a server accessible by other computers via the public internet.
- Walsh maintains the right to disconnect computing hardware that is deemed incompatible with Walsh’s internal data network.
- Walsh maintains no responsibility for the acquisition, installation, or support of computing hardware or software provided by the student. Casual technical assistance that may be provided by Walsh support personnel shall not infer any responsibility or accountability of Walsh to the student.
- Walsh technical support (normally confined to network connectivity problems) will only be dispatched to a student residence upon approval of the resident and when the resident or resident’s designee is present.
- Some type of activities may be limited on the wired and wireless network in order to protect system performance for all residents.
- File sharing applications can have a serious impact on the performance of the campus network. In addition, external organizations are fining and prosecuting students throughout the country for illegal file sharing. File sharing is not allowed on the wireless network and is limited on the wired network. Exceeding file sharing limits will result in the loss of network access.

Common sense in the use/handling of all computing hardware and network components is expected. Any recognized damage or potential damage should be brought to the attention of Walsh University’s Office of Information Technology staff.

Non-Walsh Technology Assets. The implementation of any unauthorized hardware, software or network components within the Walsh IT infrastructure is prohibited. Requests for authorization should be forwarded to the Walsh University Office of Information Technology.

User-ID and Passwords. User-id and password are the principal components of privacy and security within the Walsh IT infrastructure. Customers may not share their personal id with any other individual. Password secrecy is of paramount importance, and customers are required to change their passwords on a regular basis. Software rules are in place to limit the use of passwords that might easily be guessed. Customers should not leave their workstation unattended while still logged into the network or onto an application. It should be standard practice for students to log out, and for faculty & staff to log out or lock their workstation to assure that the customer’s account will not be tampered with. No one from Walsh or any other reputable organization (banks, shopping sites, other e-mail sites, etc.) will EVER ask for your username or password under any circumstances. If this does happen, please contact the Office of Information Technology Help Desk at extension 4357 (HELP), 330.244.4357 or helpdesk@walsh.edu.

Viruses and Malware. The customer is expected to take reasonable precautions against importing and spreading computer viruses. Walsh University provides up-to-date software for virus detection and recovery, but the customer must remain vigilant for potentially damaging e-mail or data files that may not be caught by software.

Incident Reporting. Customers share a very complex computing infrastructure at Walsh University; therefore accessibility and performance problems are inevitable. Customers should report such events to the Office of Information Technology Help Desk immediately.

Personal Use of Walsh Technology. The primary purpose of the Walsh IT infrastructure is to enable academic pursuits and administrative processes. Use of Walsh IT for personal, frivolous or entertainment purposes that impacts accessibility or creates performance problems should be immediately curtailed.

Technology Courtesy. All customers are expected to practice common courtesy in their use of Walsh IT so as to be minimally disruptive to others (e.g., audio levels, chain letters, etc.).

TELECOMMUNICATION SERVICES

Walsh University maintains private telecommunication systems for the exclusive use of employees, and students. This system encompasses individual phones with voice mail services for employees as well as courtesy/house phones in the residence halls as well as emergency phones throughout campus. Since most residential students use cell phones while on campus, individual phones are not typically provided in residence hall rooms. If a student requires a phone in their room, one can be installed with local and toll free calling only by contacting the Office of Information Technology Help Desk at extension 4357 (HELP), 330.244.4357 or helpdesk@walsh.edu. Prior to installation, the requesting student will be required to sign out a Walsh owned IP telephone along with a deposit of \$25, which will be returned upon verification that no damage has been made to the equipment. If damages exceed the deposit amount, additional charges will be accessed. Voice mail is not available for student phones installed in the residence halls.

All internal Walsh University extensions are 4 digits and begin with a 4 or 7 (4xxx or 7xxx). These extensions can be accessed 24 hours each day and seven days each week. Internal extensions can be accessed from off campus by dialing 330-244-4xxx for extension starting with 4 and 330.490.7xxx for extensions starting with 7. Employees and student phones can dial off campus numbers by first dialing an 8 and then the appropriate local, toll free, long distance or international number. All employee phones are configured with the ability to dial long distance numbers. Only a select number of phones are able to dial international numbers.

Courtesy/House phones can be found in strategic locations of most buildings, typically in a hall or lobby area. Most house phones have the same calling capabilities as residence hall room phones. Others are simply offered for on-campus calling only. All phones are 911 calling accessible.

TELEPHONE RESPONSIBILITIES AND ETIQUETTE

- Damage to the telephone outlet in a residence hall room determined to be through malicious intent or negligence will be referred to Student Conduct and Community Standards.
- It is a misdemeanor to defraud or attempt to defraud the telephone company or Walsh University by avoiding payment for a call.
- It is a misdemeanor for anyone to use any telephone facility or equipment for:
 - placing any anonymous call in a manner which could reasonably be expected to annoy, abuse, torment, harass, or embarrass any person;
 - cursing, swearing at, abusing another, or using profane, obscene, indecent, or vulgar language;
 - threatening to commit a crime against any person.
- Residential students who receive annoying or obscene phone calls should notify a Residence Life staff member. Commuter students should contact Campus Police (330.316.1088) to file a report. It may be possible to trace the source of these calls; however, some expense may be charged to the complaining student. The Hall Director or Campus Police will contact the Vice President for the Student Experience who can request a trace.
- Students are responsible for all phone calls made from their residence hall room. Campus Security may assist with the investigation of any complaint.
