## June 2026 Newsletter

*As we prepare for the 2026-2027 academic year, the Office of the Registrar requests your help in ensuring that academic information available to students is as accurate as possible. We are requesting that you review the following:*

- Review your Fall 2026 and Spring 2027 course schedules. Double check that all days, times, course capacity, room assignments, and faculty assignments are correct.
- Check your department's curriculum sheets in [SharePoint](#) for any needed updates. We are using these as we build the Stellic audits.
- Review your program pages in the [University Catalog](#). If you notice any errors, notify our office and we will correct.
